

Turn Your Love of the Outdoors into a Summer Job!

Make your office the outdoors this summer! Spend your days in the fresh air, with smiling visitors, doing work that makes a real difference.

Each year, Charleston County Parks [hires seasonal staff](#) to help bring our parks, beaches, and camps to life. From greeting families at the gate or building confidence in campers, to keeping parks beautiful or working as a lifeguard to help visitors have a safe, memorable experience, our seasonal employees play a vital role in what makes our parks special.

Seasonal positions are a great fit for students home for the summer, retirees looking to stay active, teachers on break, or anyone looking for flexible, meaningful work.

Even better, seasonal jobs often serve as a gateway. Many full-time and long-term employees started out in seasonal roles, discovering along the way that parks and recreation was more than a summer gig - it was a career path.

If you're looking for a job that keeps you active, connects you to your community, and lets you work in some of the most beautiful places Charleston County has to offer, a seasonal position with Charleston County Parks may be exactly what you're looking for. It's hands-on work that keeps you moving, learning, and interacting with people of all ages. No two days are exactly the same—and that's part of the appeal.
