

WE'RE HIRING

Internships at Updater

THE SMARTEST MOVE YOU'LL EVER MAKE

What is Updater?

Think of us like a “Turbo Tax for moving” – Updater is a time-saving tool that makes moving easier for the 17 million households that relocate every year in the US. With Updater, people can organize and complete various moving-related tasks, including updating accounts and records, connecting utilities and home services, forwarding mail, and much more!

Who uses Updater?

Millions of people moving throughout the US can use Updater to simplify their move. We reach those folks through partnerships with the most prominent real estate companies in the country, including real estate brokerages, multifamily companies and property managers, moving companies, title insurance and mortgage companies.

"As an intern at Updater, you'll receive incredible mentorship and support from the team, and you'll also be pushed to explore topics outside of your everyday skill set."

- Jenna Davis, Marketing & Operations Associate & former Business Operations Intern

Excited? Apply at updater.com/jobs

What kinds of projects will you work on?

As an intern at Updater, you'll support us on mission-critical projects across all channels of our business, from marketing and sales to operations and business development. Former interns have worked on projects like creating blog and social media content, optimizing our recruiting process, performing business/partnership outreach, assisting in the creation of marketing and email campaigns, helping plan events, and much more!

Tell us what we can do better!!

You'll own a side project of your choosing from start to finish – your job will be to identify a project or process we need to improve, and help us make it better!

Show off what you've learned!

At the culmination of your internship, you'll host your very own Lunch & Learn session and share what you've been working on with the team (don't worry – we don't bite!).

"The best part about being an Updater intern is how involved you are – from day one, I was working on challenging projects, participating in meetings, and learning from the brilliant people who work here."

- Whitney Meer, Success Associate & former Marketing Intern

Tons of free food and coffee (seriously)

Catered Monday bagel breakfasts and Friday team lunches (more free food!)

The opportunity to work in a beautiful office, complete with a friendly, collaborative environment

Weekly "Intern Pow-Wows"

An incredible team that's dedicated to your success, personally and professionally

Group outings to NYC Meetup events

Rotating office DJ

Competitive pay

Awesome off-site activities, like zombie laser tag and scavenger hunts

Adorable office puppies

"One of the best parts of the internship program at Updater is that you're helping to support multiple teams at once. I walked away from my internship with a well-rounded set of professional skills."

- James Wong, former Business Intern
