TRANSVULCANIA BY UTMB®

Annex to the TRANSVULCANIA by UTMB® Set of Rules

EDITION 2023 V.0 – FROM 4th TO 6th OF MAY 2023

Registrations are on sale on the website www.transvulcania.utmb.world on **22th November at 11:00 (CET, Barcelona and Paris local time)** by direct purchase, without pre-registration and without a draw.

Registrations will be made exclusively online, and payment will be made by credit card.

1) REGISTRATION CONDITIONS

Sales period:

Registrations will be open only for runners with a valid UTMB Index and on a preferential basis between **22th November at 11:00 and 24th November at 11:00**. From 24 November at 11.00 CET they will be open to the general public.

At the end of this period, registrations will be open to runners with or without a valid UTMB® Index **until 28 APRIL 2023** or until they are sold out. In case of exhaustion of registrations, the organisation reserves the right to create a waiting list to cover possible cancellations. If a situation occurs in which it is possible to register, those interested will be notified before 15 April 2023.

Minimum age for registration:

Registrations are available to any person, male or female, born in the year indicated:

- ULTRA (72K), VOLCANES (48K) and EL ROQUE (28K) (minimum age 20 years): year of birth 2003 or earlier.
- EL ROQUE PROMESAS (28K) (minimum age 16 and maximum age 19): year of birth between 2007 and 2004.
- VERTICAL CHALLENGE (minimum age 16 years): year of birth 2005 or before.

Experience:

It is important to be aware of the demanding terrain and that these are semi-self-sufficient races. Transvulcania by UTMB® is not an event for beginners in trail running. For this reason, the organisation recommends a UTMB® Index, a minimum performance level of 420 in the 100k race category and 400 in the 50k category. As this is the value at which the cut-off times are set. With a UTMB® Index below this figure it is very probable that the runner will not be able to pass the cut-off barriers as he/she will not be able to comply with the established times, so it is advisable not to register for either the ULTRA or the VOLCANES with a UTMB® Index of less than 420 and 400 respectively. The organisation is very demanding in the fulfilment of the maximum time barriers.

4) TRANSFER OF REGISTRATION

a) Transfer to another runner

For security and control reasons **the registration is nominal and non-transferable**. However, it is allowed to transfer the registration up to 1 month before the race to another runner as long as this runner also qualifies for the race as mentioned above. The initial registration will not be refunded, and the new runner will have to pay an additional fee of €20 for administration and register at www.transvulcania.utmb.world.

In case of not proceeding as indicated above, no change of registration will be accepted.

b) Transfer to another race in the same event

It is possible to change from one race to another race of shorter distance up to 1 month before the race if places are available. The difference in registration fees will not be refunded.

It is also possible to request a change of registration to a race of a longer distance. This change will not be made automatically, and it will be up to the race organisers to decide whether to accept it or not. In this case, the runner will have to pay the difference in price. The price will be the price in force at the time of the acceptance of the change by the organisation.

5) CANCELLATION OF A REGISTRATION

a) Cancellation of registration insurance

Runners are offered the possibility to subscribe to a cancellation insurance. Purpose of the contracted cancellation insurance is to reimburse the full costs inherent in the registration for Transvulcania by UTMB 2023 in the event of a participant requesting cancellation of their registration exclusively for the reasons and under the conditions indicated:

[RP ES Standard – Refundable](#)

Runners who wish to subscribe to the cancellation policy will be asked to pay an additional 10% of the total amount, to be added to the registration fee. **Cancellation insurance must be booked exclusively at the time of registration.**

Cancellation of an entry or non-participation in the race does not entitle the runner to benefit from a priority entry for a subsequent year.

There will be no type of refund for runners who wish to cancel their registration and have not contracted their cancellation insurance.

b) Exceptional conditions in case of event cancellation

If the event or a race is canceled or if the event must be organized differently (for example, one or more races must be canceled), for any reason not attributable to the control of UTMB Iberia, more than 60 days before the start, runners may be partially reimbursed for entry fees. In such a case, the amount of the refund would be decided in a way that allows the organization to meet the expenses incurred from the date of cancellation.

Runners will be reimbursed as follows:

	% refundable
Before 6 January 2023	60%
Before 6 March 2023	30%
After 6 March 2023	Without refund

If a race is cancelled less than 60 days before the start (after 6 March 2023) or if a race in progress is interrupted, for any reason beyond the control of UTMB Iberia or SODEPAL, registration fees will not be refunded.

6) **INSURANCE AND CIVIL RESPONSIBILITY**

Each competitor must obligatorily be in possession of a personal accident insurance that covers the costs of rescue and evacuation in the mountains, in Spanish territory, INCLUDING THE CANARY ISLANDS, up to an altitude of at least 3,000 metres, and also the probable costs of hospitalisation. The insurance must cover the practice of trail running and

participation in long distance mountain races. The insurance can be taken out by any organisation, federation, or insurance company of the participant's choice.

However, the organisation offers runners who have not taken out the appropriate insurance, or who wish to extend their cover, the possibility of taking out one at the time of registration. Highly recommended for all runners.

During the registration process and up to 15 days before the start of the race, the runner may attach the insurance policy or document accrediting that he/she has the insurance with the minimum coverage indicated above. **The organisers reserve the right to cancel the registration without the right to reimbursement for those runners who have not presented the insurance within the period and in the manner indicated.**

In the event of having to proceed to a rescue, medical assistance, treatment, etc... and not having a valid accident insurance, the runner will have to assume these costs.

Medical evacuation with helicopter and hospitalization might be subject to a fee. The choice of evacuation method depends exclusively on the organization, which will systematically put the runner's security first. The choice of the method of evacuation and the actual choice of hospital is at the discretion of the search and rescue and medical officials. Expenses arising from the use of exceptional methods of rescue or evacuation have to be paid by the person rescued who will also have to pay their return from the place to where they were evacuated. It falls to the runner to create their file and present it to their insurance company within an appropriate period after evacuation and medical treatment.

The organisation will take out Civil Responsibility insurance in the name of each runner (already included in the registration fee).
