

To: Head Reps

From: Larry

I have included a phone bank list of times and dates for various sites per the parent bond committee. It is not your sites, nor your personal obligation to attend any of these events. Dr. Taylor, has emphasized that this is strictly voluntary and to be your choice. He has indicated to me that he and the board appreciate the support by WVEA in the successful passage of Bond Measure "O". Any and all help would be appreciated. Larry

"As you know, involvement is entirely voluntary. We would appreciate volunteer participation on the designated school/site phone banking nights". Dr. Bob Taylor
