transportation and mobility*

BENDstation™ RIGID WORKSTATION

BENDING SERIES RB1000

- More accurate measurements, bends, and cuts
- Built-in protractor for quick and accurate bends
- Comfortable work table height at 36"
- The ability to store up to 700 feet of conduit, strut or 1000 lbs of other materials
- Extra shelf for storage of tools and materials
- Heavy duty casters for easy transportation and mobility
- Less labor fatigue; work standing up without constantly bending over
- Dual-bending shoe designed for both 3/4" and 1" rigid and IMC
- Bending requires up to 40% less force to bend than other mechanical benders
- A 60" ruler is incorporated on the working surface for quick and accurate marking
- Side mounted chain vise is easily adjustable to multiple positions for quicker and safer cutting and threading
