Steel City[®] adjustable mud rings

UL listed adjustable mud rings

Steel City® adjustable mud rings

UL listed adjustable mud ring now available in both single- and 2-gang sizes

Loosen, adjust and re-tighten

01 Loosen...
The 2 adjustment screws located in opposing corners of the mud ring.

02 Adjust...
Inner ring to be flush with wall surface.

03 Re-tighten...
Adjustment screws.

Wedge locking blocks
Designed to ensure grounding continuity

Mud rings feature an inner ring that adjusts from ½" to 1½" in depth to accommodate various drywall thicknesses. Marked with a measured rule and equipped with two adjustment screws, the inner ring can be set to the anticipated depth prior to installation and then easily adjusted after drywall installation to accommodate any variation in depth (½" to 1½").
