### Recommend

Double girder overhead crane is widely used lifting equipment currently. Consists of bridge frame, crane travelling mechanism, trolley with frame and electrical p

Electric Hoist Double Girder Crane is double girder overhead crane which takes electric hoist as lifting mechanism, lifting capacity from 5T to 32T. For general h

Single Girder Overhead Crane supporting the use of CD, MD electric hoist. Adopt soft start motor can achieve smooth and quiet operation. Used in factories, wareh

A-type Gantry Crane is double girder crane with A-type gantry frame steel structure. It is equipped with rail clamp, anemometer, limiter and other protection dev

Overview Features Technical Data

### Overview

Metallurgical Electric Hoist is lifting equipment used in metallurgy environment for lifting and handling molten metal, it is improved product on the basis of CD, MD electric hoist, with dual brake, double spacing, insulation boards and other varieties of protections, working level is M6. It is safe, reliable, parts with high degree of universality and compact structure.

### 冶金电动葫芦

#### CHARACTERISTIC

#### 国家标准

设计制造符合国家质检总局【2007】375号文件，用于吊运熔融金属（10t以下）。

#### 多重保护

配有双制动、双限位、隔热板等多重保护功能。

Weihua Crane is professional material handling equipment manufacturer and servicer with largest production in global. Provide you with overhead crane, gantry crane, electric hoist, etc. of safe, reliable and efficient crane solutions and services.

### Weihua Crane Machinery Co., Ltd.

Weihua Crane started since the year 1988; it is professional material handling equipment manufacturer and servicer with largest production all over the world. With Weihua Crane historical influence, "China Crane Town" (which covers more than 2/3 crane market in China) developed in the area around Weihua headquarter.

Our main businesses are researching, developing, manufacturing and sales of all kinds of lifting equipment. We have passed the ISO9001 quality system certification, ISO14001 environmental management system certification, OHSAS18001 occupational health and safety management system certification, CE certification, etc.

Our advantages and differences with other crane manufacturers are that we have professional crane team to provide you with safe, reliable, efficient crane solutions and services, and as far as possible to reduce your cost. Crane your

business, let's develop together!

### Excellent Product and Solutions

Weihua become one of general hoisting machinery manufacturing industry leader with the largest production and sales volume. We can provide electric hoists, single/double beam overhead cranes, gantry cranes, and such varieties of lifting equipment 10 serious more than 200 types. The lifting capacity of the overhead crane can achieve 1000t, and the gantry crane 900t, to meet all kinds of project need.

Weihua is committed to provide total optimized crane program solution and perfect service to help customer to save cost and improve efficiency.

### Advanced R&D | Strong Q&C | Production capacity

Weihua has Technology Testing and Inspection Center authorized by the state, post-doctoral research station, obtains 283 technology patent certificates and inventions, R & D team of Weihua with 600 people and with Shu-zi Yang (academician from the Chinese Acader of Engineering) as the foregoer, is the biggest one in general purpose crane industry in China.

Weihua now adopted the "lean production management", the undaunted testing and outstanding market performance, ensuring Weihua stand out as the leading brand within crane industry. We continuously make the innovation on technical and strict on QC management keep the products quality steady improving.

The company total asset is of 0.78 billion US Dollar, over 6000 employees, covers an area of 3.42 million square meters, one of our workshop is the largest within the whole world crane industry. A varieties of 1700 sets manufacturing and testing equipment, including machining, heat treatment, welding, assembly, testing and packaging shipped metering and other ancillary equipment with a full range of advanced production scale and production capacity.

### Outstanding Marketing Performance & Long-term Partner

Production and sales of overhead and gantry cranes won the first in China for continuous 8 years. And now, total production amount of Weihua Crane products achieve world first. Weihua has developed strategic partnership with Siemens, GH Spain, Demag, SEW, Schneider, etc.

Weihua cranes widely used in machinery manufacturing, iron and steel metallurgy, nuclear industry of mining, water conservancy and hydropower, roads and railways, electric power, automobile manufacturing, petrochemical, port logistics, shipbuilding and other materi handling, etc. We have successfully exported to more than 90 countries and regions such as the United States, Great Britain, Russia, India, Brazil, Peru, South Africa, Mongolia, South Korea, Australia, Southeast Asia, the Mid-East, etc. And get well reputation.

Weihua crane with strong capacity, focus on customer service, provide with first-class quality, safety and reliable products, create more and more value for customers, these are the reasons we set-up stable and long-term relationship with our customers.
