Tender Text

GRP elbow 90°, small, pressed, with unperforated side rails and moulded-on connector, for creating horizontal 90° elbow joints of cable trays, please order proportional fastening accessories separately, halogen-free. During assembly, ensure that the elbow is supported with brackets at each cable tray access point. To ensure proper installation, the connectors must be screwed to each cable tray access with 2 FKM 6X16 E4 (please order separately).
Article available in various resin mixtures.
