COMPLIMENTARY HEALTHCARE FILTRATION SITE SURVEY

WE WALK THE SYSTEM. YOU GET THE ANSWERS.

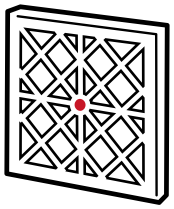

Managing filtration across a hospital or healthcare facility can mean hundreds, or thousands of filters, multiple filtration stages, varying change cycles, and equipment spread across an entire campus. Keeping that information accurate and current can be challenging, especially when facility resources are limited.

AAF's complimentary site survey gives your team a clear picture of what you have today and where opportunities may exist to improve your filtration program.

WALK EVERY UNIT

Survey AHUs and RTUs throughout the facility and identify installation concerns, maintenance issues, and opportunities for improvement.

VERIFY EVERY FILTER

Confirm filter sizes, quantities, efficiencies, and filtration stages for each unit.

DOCUMENT THE DETAILS

Record unit locations, areas served, filtration configurations, and current replacement schedules.

IDENTIFY OPPORTUNITIES

Provide practical recommendations to help optimize filter selection, change cycles, maintenance practices, and overall filtration performance.

Learn more about the final report on the back.

COMPLIMENTARY HEALTHCARE FILTRATION SITE SURVEY

YOUR DELIVERABLE: **A FACILITY-WIDE FILTRATION RECORD**

Following the survey, your team receives a detailed filtration asset inventory and assessment providing a reliable resource for purchasing, changeout planning, budgeting, maintenance, and ongoing filtration management. The report documents:

SAMPLE FACILITY EXAMPLE

- AHU / Unit Number
- Area or Department Served
- Filter Stage (Pre or Final)
- Filter Size
- Filter Description
- Efficiency / MERV Rating
- Quantity per Unit
- Change Cycle
- Comments & Recommendations

Unit	Area Served	Stage	Filter Size	MERV	Qty
AHU-01	OR Suite	Pre	24x24x2	9A	8
AHU-01	OR Suite	Final	24x24x12	16A	8
RTU-12	Clinic	Pre	20x25x2	8	4
AHU-03	ICU	Pre	24x24x2	8	6
AHU-03	ICU	Final	24x24x12	16A	6

LESS GUESSWORK. BETTER PLANNING. NO COST.

With a complimentary AAF Site Survey, your facility gains access to AAF filtration expertise and actionable insights to help improve filtration management, with no upfront cost or obligation. The survey findings can help your team:

- Reduce ordering errors
- Optimize changeout schedules
- Identify potential energy and labor savings
- Standardize filter selections where appropriate
- Improve inventory planning
- Support indoor air quality and filtration goals
