WAKE BOARD TOWER ACCESSORIES

SWIVEL PIVOT FOR 1-1/2 SCH. 40 PIPE

Description	P/N
For 1-1/2" Sch. 40 Pipe	PBY15PIVOT

- Fits 1-1/2" Sch. 40 Pipe.
- Other sizes available.
- Breakaway Pivot Swivel is designed to allow the wake board arch to fold in either direction by simply removing the locking knob.
- Swivel pivot locking knob in place; swivel pivots approximately 180° total . . . almost 90° to the left and 90° to the right.
- The threaded half of the swivel has SST helicoils installed so there will be no galling or thread stripping.
- This swivel works great and can be used on many different wake board arch designs!

Please check with your local T&C Metals Branch for updates, as specifications, materials availability, prices and terms of purchase may change without notice.
