

R161 FLUSH PULLS

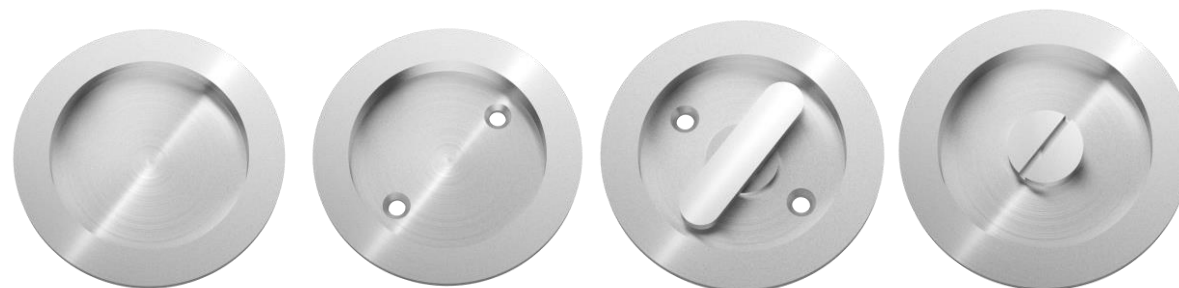

Premium flush pulls machined out of solid brass and finished as required.

For 1 3/8" or 1 3/4" thick doors.

For use with 161PDL Lock: R161E (ER key) x R161T (Thumb Turn).

For use with 161PDP Pull: pair of R161B (Blank/Passage).

**Designed for back to back, thru-bolted installation. For single sided applications (surface mounted), please specify "-S" (e.g. R161B-S). Please contact our Sales Engineers for assistance prior to boring the door.*
