1800 SERIES Adams Rite Retrofit Mortise Lock

THE STOREFRONT **UPGRADE**

1800 SERIES Adams Rite Retrofit Mortise Lock

UPGRADE THE LATCH. MATCH THE LEVERS. KEEP THE PREP.

A fast and easy upgrade from deadlatch to mortise lock with lever handles, to match the look, feel and function of the rest of the doors in the space. The 1800 Series installs into existing Adams Rite preps on storefront and commercial glass doors.

FULL MORTISE LEVER OPTIONS

The same lever options as a full mortise lock, in the small lock body architects and designers prefer.

HOLD BACK FEATURE

Double cylinder hold back option for safe, convenient latch release from either side.

ELECTRIFIED UPGRADE

Electrified upgrade available with the M1859E.

LEARN MORE

FITS THE PREP YOU ALREADY HAVE.

Direct retrofit for Adams Rite 4510, 4530, 4900 and 4920AN deadlatch and MS1850S and MS1950P deadlock preps, with no cutting and no disruption.
