AMERICAN CRAFTED SINCE 1972

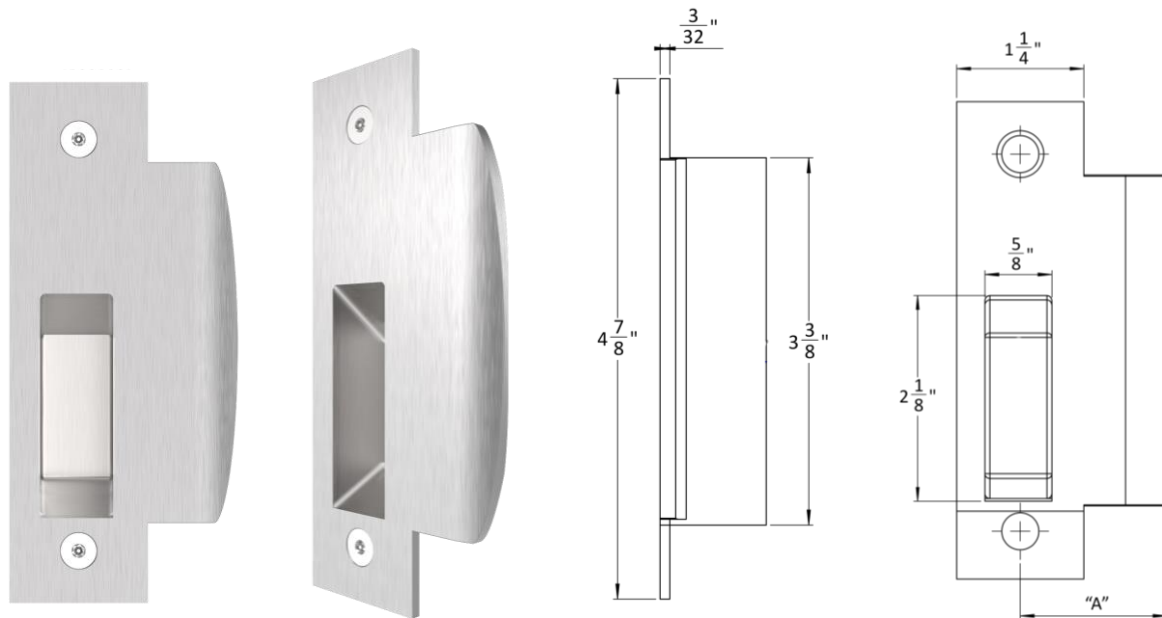

LIGATURE RESISTANT STRIKE

LR-STK

LIGATURE RESISTANT STRIKE | LR-STK

ADDITIONAL SAFETY

This ligature resistant strike improves the safety of the overall opening. Recommended for use with the 9100BL Beveled Latch, it can also be used with the CH-CYL Cylindrical Sets, or customized to work with other manufacturers' locks.

Tapered latch bolt opening eliminates anchor points further preventing ligature risk.
