PV-ABH-SP Anti Barricade Double Swing Hinge with Rubber Seal

RESCUE HARDWARE

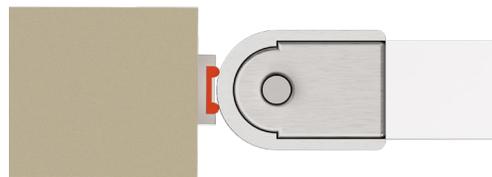

PV-ABH-SP Anti Barricade Double Swing Hinge with Rubber Seal

OPEN IN CASE OF EMERGENCY

The PV-ABH-SP sets a new standard in secure, patient-focused design. Crafted from aircraft-quality anodized aluminum and featuring a high-temperature silicone seal, this continuous, double-swing anti-barricade hinge system closes the hinge-side gap to deliver unmatched soundproofing, privacy, and safety in risk environments. Its innovative retractable, concealed pivots allow emergency staff to swiftly remove the door during barricade situations, providing peace of mind for both patients and caregivers.

DETAILS + OPTIONS

- Fits standard 1-3/4" doors
- Retrofit application may require door modification
- Top pivot mounts flush with door frame, bottom pivot mounts into floor
- Pivot point remains constant at 1-1/16" from the edge of door, centered in thickness of door
- Can be used on single and double doors up to 250 lbs.
- 626/630 finish standard
