In principle, the **number of participants** in the ADAC OPEL e-Rally Cup participants is limited to **16 drivers/vehicles**.

With the entry, the participant declares that all information given on the entry form is complete and correct and that he/she fully accepts the regulations of the ADAC Opel e-Rally Cup.

The participants undertake to take part in all official rallies of the ADAC OPEL e-Rally Cup 2023, except in cases of force majeure.

An application for exemption from participation in an event must be submitted to the series coordinator at least three days before the start of the respective competition. If a participant registers and still does not start in all races of the series, the claim for a refund of the entry fee will be forfeited. In addition, a fine will be imposed by the organising committee (except in cases of force majeure). The participation of the 1st driver is decisive, the 2nd driver (co-driver) may be changed.
