#### Notes on Expiring Markets

- Non-cash markets (e.g. USOIL.AUG7) have a fixed expiry date, as detailed, above.
- Any positions remaining at contract expiry will be closed on the last trading day as per the instructions, above.
- ADS will endeavour to contact any client with an open position prior to the contract's expiration to let them know the product will soon expire.
- Clients do, however, have ability to roll their position from the front month into the next month.
- ADS will make available for trading the following contract month on the platform before the front month expires (except oils which will run two months simultaneously).
- Clients must realise their profit/loss on the front month position when rolling.
- If a client has insufficient funds to roll their position, then they must deposit funds in order to do the roll.
