With this 14 cm high compass, it is possible to draw circles up to 23 cm in diameter. The Kid'Z 360° Agility compass can be used from the age of 6. Thanks to the Agility system, children learn to draw circles with a simple rotating motion. This compass is perfect for discovering the use of a compass and is ideal for elementary school students. A great back-to-school companion! Slide the pencil into the adapter ring, tighten the screw, choose your marking angle, put down the tip and draw a flawless circle!
