PAPER CHARACTERISTICS

- Excellent erasability
- Cold pressed
- Ideal for watercolour and wet techniques

Acid-free: acid-free paper guarantees resistance and stability. Only paper manufactured using acid-free materials will retain its original quality and whiteness over time.

Without optical brightness additives: the colour of a paper without optical brightness additives is obtained naturally, nothing has been added. The artists are sure that their work will last over time and the colours will not fade.

Mould-resistant treatment: a paper treated against mildew (mould-resistant treatment) is guaranteed to be protected and to last over time.

compliant with

Complies with ISO Standard 9706: papers that comply with ISO standard 9706 meet the requirements of galleries and museums in terms of resistance to ageing: acid-free and buffered to prevent any deterioration due to the action of the atmosphere, harmful emissions or moisture.

Canson® holds FSC certification pertaining to the traceability of wood produced from responsibly managed forests.
