Consider the Role of an Annuity as Part of Your Retirement Mix

Read on to see how you can benefit

Blueprint Income (Paid Content)

Meet Marco

Marco is in her late twenties and is just starting to plan for retirement. She wants to make sure she has enough money to live comfortably when she retires. Marco decides to explore annuities as a way to secure her future income.

Meet Winnie

Winnie is in her mid-forties and is starting to think about retirement. She wants to make sure she has enough money to live comfortably when she retires. Winnie decides to explore annuities as a way to secure her future income.

Which annuity is right for you?

Annuity types include immediate annuities, deferred annuities, and variable annuities. Each type has its own advantages and disadvantages.
