

180168

MÈCHE EXTENSIBLE

Expandable drill

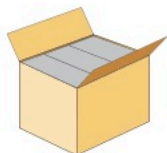

A utiliser avec une perceuse portative. La forme de la lame et l'encoche de protection évitent toute altération de celle-ci. Mèche et lame en acier forgé et carbure de tungstène. Bras de déport gradué
Capacité de 23 à 93 mm.

*To be used with electric drill. The shape of blade and protection notch avoids the blade from being altered. Nit and blade in forged steel and tungsten carbide. Graduated departed arm
Capacity from 23 to 93 mm.*
