

# Texas

American Fuel & Petrochemical Manufacturers (AFPM) is the leading trade association representing the producers of the fuels that keep Americans moving, the makers of petrochemicals that are the building blocks for modern life, and the midstream infrastructure operators responsible for safely and efficiently transporting petroleum and petrochemical products. **Our industries make life in Texas better, safer and more productive.**

## Economic Impact

### Contribution to Economy

### Federal Taxes

### State & Local Taxes

## Workforce

### Total Employment

### Refinery Worker Salary & Benefits<sup>2</sup>

### Chemical Worker Salary & Benefits<sup>2</sup>

Nationally, jobs in our industries earn **nearly double the \$55,338 average salary** of a U.S. worker.<sup>3</sup>

1. IMPLAN 2017 data. | 2. Salary & Benefits represent: total payroll cost of the employee paid by the employer, including wage, benefits (e.g., health, retirement), and employer & employee share of payroll taxes (e.g., social security, unemployment taxes, etc.). | 3. U.S. Bureau of Labor Statistics.
