

pressure gauge shut-off cock

Part no. 63090  
pressure gauge shut-off cock

Application

Shut-off element between pipe and pressure gauge. Stop cocks with test port allow you to connect both pressure gauges and testers to the pipe. Suitable for liquids, gases and vapour.

Technical Specifications

|                                                          |                                                                                                                           |
