

Room thermostat for controller terminal bar WB 01 / WB 10 D

benefits

- compact, modern design
- easy surface mounting or mounting to standard in-wall switch boxes
- either as 230 V or as battery version
- suitable for heating and cooling

Application

Determination of the actual ambient temperature and adjustment of the reference value for the room temperature. Can also be used for cooling (manual switching).

Description

The room thermostat RT 01 is a part of the complete system FloorControl for single-room temperature control. Each room thermostat measures the actual ambient temperature and switches the output to obtain the required reference temperature. The reference value for the room temperature is adjusted by means of the keys. The integrated display shows the values. The actual temperature in rooms with an underfloor heating system is compared to the reference temperature on an ongoing basis.

Versions:

RT 01 D-BAT: Version with battery, suitable for wall mounting

RT 01 D-230: 230 V version, suitable for mounting to standard junction boxes/in-wall switch boxes

Technical Specifications

Operating temperature range

Ambient: 5/50 °C

Storage: 5/50 °C

Temperature adjustment range

5/35 °C

Accuracy: ± 0.5 K

Contact rating

NC: max. AC 250 V, 1 A

NO: max. AC 250 V, 1 A

Housing

plastic (PC/ABS)

Colour: white (RAL 9003)

Degree of protection: IP 20 (EN 60529)

Versions

			Part no.
Room thermostat RT 01 D-BAT	(battery)		86017
Room thermostat RT 01 D-230	(230 V)		86018
