

temperature transmitter CAPBs® sens TK 11

Part no. M090000910

temperature transmitter CAPBs® sens

Application

Differential temperature measurement
Determination of the temperatures of flow and return

Description

Temperature transmitter with two standardised temperature sockets type K. This allows for the connection of all type K two-pole thermocouples and temperature probes (for example, the complete AFRISO temperature probe range). In conjunction with BLUELYZER ST, it is, for example, possible to measure up to four temperature values.

Technical Specifications

Dimensions

W x H x D: 42 x 58 x 35 mm

Weight

22 g

Measuring range

-50/+1150 °C
(depending on thermocouple used)

Accuracy

± 1.5 K

Resolution

0.1 °C

probe connection

2 x
