

pressure transmitter CAPBs® sens PT 70

Part no. M090142810

pressure transmitter CAPBs® sens

Application

Pressure tests of oil pipes
 Pressure tests at surface heating systems
 Tightness tests/strength tests of drinking water installations as per ZVSHK
 Pressure loss test
 Pressure test at pipe systems
 Stress pressure test at pipe systems

Description

Pressure transmitter for measurements in liquids and corrosive media (PT 70) as well as non-corrosive media and liquids (PT 85/86).

Technical Specifications

Dimensions

W x H x D: 42 x 74 x 35 mm

Weight

55 g

Measuring range

-1/+25 bar

Resolution

0.1 bar

Hose connection

1 Plug connector DN 5

Versions

	Part no.
pressure transmitter CAPBs® sens PT 70	M090142810
