

Our hometown might be a little different. We share our roads with buggies. We know the name of each neighbor. So maybe it's only natural that the qualities so common here in Ohio's Amish country—hard work, honesty, genuine care—are what define us as a company. They certainly define our products. Created by a tight-knit circle of local artisans, Dutch Quality Stone veneers exhibit all the unique beauty of nature in a range of dependable, easy-to-install options for homes and commercial properties. It's what can happen when the exacting standards of traditional craftsmen are applied to modern processes. And it makes all the difference.

Explore our gallery of showcase projects to help inspire your designs. Choose Dutch Quality when you want to create a warm, welcoming look for your home or commercial property. We're here with ideas that fit your budget, time frame, and special vision.

Our veneers capture the complex character of natural stone because we take special care in creating the original master molds. It's a process that requires both art and technology. The result: a stable, durable, convenient, and inherently beautiful material in a wide array of styles and colors.

OUTDOOR SPACES

A traditional favorite for outdoor spaces.

For as long as people have been building places to gather, stone has been a favorite design material. It's still true today. Our artisan-crafted stone styles bring that organic element to outdoor fireplaces, seating walls, kitchens, and more, combining the rugged textures and subtle colors so loved in nature with ease of installation only possible with Dutch Quality. In no time, you can create your dream backdrop for outdoor entertaining and relaxing.

INTERIOR DESIGN

Come inside to a warm, inviting space.

DRY STACK

An exceptionally efficient option
that gives you the profile of
intricately stacked natural stone in an
easy-to-install panel form. No grouting
small ledge stones or prolonged
construction timelines required.

Sizing: Height: 2" & 4" / Length: 5" – 24"

WEATHER LEDGE

Defined by long, linear pieces of varying heights
and a distressed, aged surface, each stone is
shaped to ensure tight dry stack installation and gives
moderate shadow relief, even when grouted.
Sizing: Height: 1½" - 7½" / Length: 4" - 23"

LEDGESTONE

The choice for adding truly rugged character
to your space. Ledgestone is heavily textured with
deep lines and irregular shapes that create
dramatic shadowing and lend the appearance
of hand-hewn stone.

Sizing: Height: 1½" - 6½" / Length: 7½" - 23"

STACK LEDGE

The irregular surface details and chiseled textures of Stack Ledge are transformed to be installer friendly by squaring the edges, thus allowing for a tighter fit.

Sizing: Height: 1½" - 6½" / Length: 7½"- 21"

LIMESTONE

The clean, classic appeal of hand-chiseled limestone in molded shapes and regular sizes that are easily installed. The timeless look of Limestone is a favorite among designers and masons.

Sizing: Height: 2½" - 7½" / Length: 4" - 22"

FIELDSTONE

These rustic textures and unique stones look
like they were pulled straight from the countryside.
But our Fieldstone style is actually the result of
a time-consuming molding process resulting in
natural organic shapes.

Sizing: Smallest: 5" / Largest: 22"

RIVER ROCK

Rounded shapes and smooth surfaces inspired by creek bed rocks sculpted by centuries of water and erosion.

Sizing: Smallest: 4" / Largest: 20"

CASTLE STONE

Similar to Limestone, our Castle Stone style
has the more formal look of finely dressed masonry.

Symmetrical shapes and clean-cut sides enable
a tight dry stack installation.

Sizing: Height: 3" - 15" / Length: 3" - 15"

TUSCAN RIDGE

A combination of large rubble shapes and ledge stone creates the impression of traditional Italian stone masonry and gives each final installation its own unique pattern.

Sizing: Height: 1½" - 6½" / Length: 4½" - 14"

TUSCANY VENEER

 $The \ smooth, \ monochromatic \ appearance$ of natural, quarry-cut stone. Large shapes allow for fast installation, making this a particularly smart choice for commercial projects. Sizing: Height: 115/8" x Width: 235/8" x Depth: 11/4"

TUSCANY VENEER SILL

Available in Ivory, Stone and Tan Sizing: Length: 23½" x Height: 27/8" x Width: 3" Shown in Tan

These are the details that lend a beautiful finish to each job and provide a clean transition for windows, doorways, and other materials. Offered in a variety of textures, shapes, and colors to coordinate with your stone. See page 63 to connect your stone color with a complementary accessory color.

HEARTHSTONES

Hearthstones have the appearance of chiseled edges and weathered top surfaces for the perfect finishing touch.
