

Biolivo Plus

Fluid yeast extract containing brown algae

COMPOSITION

Organic Nitrogen (N)	2%
Organic Carbon (C)	11%
Organic substance with nominal molecular weight < 50 kDA min. 30%	

Appearance
Liquid

Application
Foliar

Packaging
25 Kg

DESCRIPTION

Biolivo Plus is an Organic Nitrogen fertilizer in liquid formulation, obtained from a macerated mixture of brown algae, with a nutritive and stimulating action.

Thanks to the strong stimulating action, it allows better growth and greater absorption of macro and micro-elements.

It also balances the hormonal system on plants and guarantees greater roots and leaves growth.

Biolivo Plus stimulates growth, promoting synthesis and reduction of nitrate in plant leaves.

The formulation acts on the physiological state of plants, obtaining optimal results increasing the quantity and quality of yield.

Product signed up to Fertilizer Register for Organic farming: n° **0017177/16**

DOSES AND METHOD OF USE

Crops	Foliar (g/hl)
Tree crops	300 - 600 g/hl
Industrial crops	300 - 600 g/hl
Horticultural crops	300 - 600 g/hl
Floriculture	300 - 600 g/hl
Lawn turf and golf courses	300 - 600 g/hl

Pre flowering: 300 - 500 g/hl Post flowering: 300 - 500 g/hl Post fruit set: 400 - 600 g/hl
