ABC AQUA SOLAR MINI KIT:

- 1 Pump and Motor Set
- 2 Control Box
- 3 Water Level Sensor

ABC AQUA SOLAR KIT:

- Mini Kit +
- 4 Cable
 - 5 Heat Shrink
 - 6 Barrel Nipple
 - 7 Nylon Reducing Bush
 - 8 Non-Return Valve
 - 9 Plasson Male Adaptor
 - 10 Base Plate
 - 11 Nylon Elbow

ABC AQUA COMPLETE KIT:

- Solar Kit +
- 12 HDPE Pipe
 - 13 Solar Panels
 - 14 Solar Panel Frame

OPTIMUM PERFORMANCE • EXCELLENT QUALITY

ABC Aqua submersible solar water pumps are in high demand due to its innovative mechanical design, good quality and price. These submersible solar pumps are manufactured from superlative quality raw material using premier manufacturing technology. The material used within this pump range is of anti-corrosion nature and provides high wear resistance and enhances lifespan. The ABC Aqua solar borehole pumps come standard with a MPPT pump controller to enhance energy conversion and efficiency.
