

COMPOSITION:

Crude Protein	min	g/kg	120
Moisture	max	g/kg	120
Crude Fibre	max	g/kg	100
Calcium	min/max	g/kg	10 / 22
Phosphorus	min	g/kg	5.5
Magnesium		g/kg	2
Sulphur		g/kg	2.5
Potassium		g/kg	8
Copper		mg/kg	20
Manganese		mg/kg	100
Zinc		mg/kg	150
Cobalt		mg/kg	1
Iodine		mg/kg	1.5
Selenium		mg/kg	1
Vitamin A		IU/kg	15 000
ME Ruminant (Calculated)		MJ/kg	11.0

Feeding instruction: Intake per day

Sheep/Goat 300 - 500 g

Cattle 1 500 - 2 000 g

Pasture Master is an excellent high-quality protein and energy supplement suitable for the rearing, backgrounding and finishing of calves and lambs on fertilized green pastures.

ADVANTAGES:

- Calves can be backgrounded and finished on **Pasture Master**.
- Calves learn to eat from feed troughs early, minimising stress on arrival at the feedlot.

- Calves that are backgrounded on **Pasture Master** for 45 days and longer, have an ear implant and have been vaccinated against viruses and bacterial diseases, are more resistant against illnesses.
- When feed prices are high and carcass prices low, it is cheaper to finish off animals on green pastures than in the feedlot.
- Contains a growth promoter that improves feed conversion and average daily gain. It also counteracts bloat, diarrheic and coccidiosis.
- Excellent quality, urea-free, protein supplement suitable for dairy heifers.
