

FOR ANIMAL USE ONLY

Wound-Sept Plus

Reg. No. G1521 (Act 36/1947)

A wound treatment which promotes the healing of shearing and other open and enlarged wounds; which prevents blowfly strike and the contamination of open wounds by flies.

■ STORAGE INSTRUCTIONS

Store in a cool place.

■ COMPOSITION

Cypermethrin 0,0125 % m/v
Dichlorophen 0,015 % m/v
Chlorocresol 0,5 % m/v

■ WARNINGS

- Poisonous. Handle with care.
- Flammable – do not store or handle near open flames.
- Poisonous if swallowed and on skin contact.
- Store away from foodstuffs and feeds.
- Do not expose container to temperatures above 50 °C.
- Do not puncture or incinerate can.
- Keep out of reach of children, uninformed persons and animals.
- Although this remedy has been extensively tested under a large variety of conditions, failure thereof may ensue as a result of a wide range of reasons. If this is suspected, seek veterinary

advice and notify the registration holder

■ PRECAUTIONS:

- Do not apply with bare hands.
- Wash immediately and thoroughly with warm soapy water after accidental skin contact.
- After application of WOUND-SEPT PLUS wash hands and face before eating, drinking or smoking.
- Do not re-use container for any purpose.

■ DIRECTIONS FOR USE

Use only as directed. Shake well before use. Wear rubber gloves when applying WOUND SEPT PLUS to wounds. Clean wound thoroughly. Spray WOUND-SEPT PLUS evenly and sparingly over wound from a distance of approximately 20 cm, holding the can upright. Repeat application after 2 to 3 days if necessary. Re-application of WOUND SEPT PLUS after rain is not necessary, as the product is not washed off by rain.

■ PRESENTATION

Aerosol containing 350 g.
