

ORV RAM – LAM – OOI

Class : Complete Ruminant Feed
Reg. No. V26193 (Act 36 of 1947)

INGREDIENTS

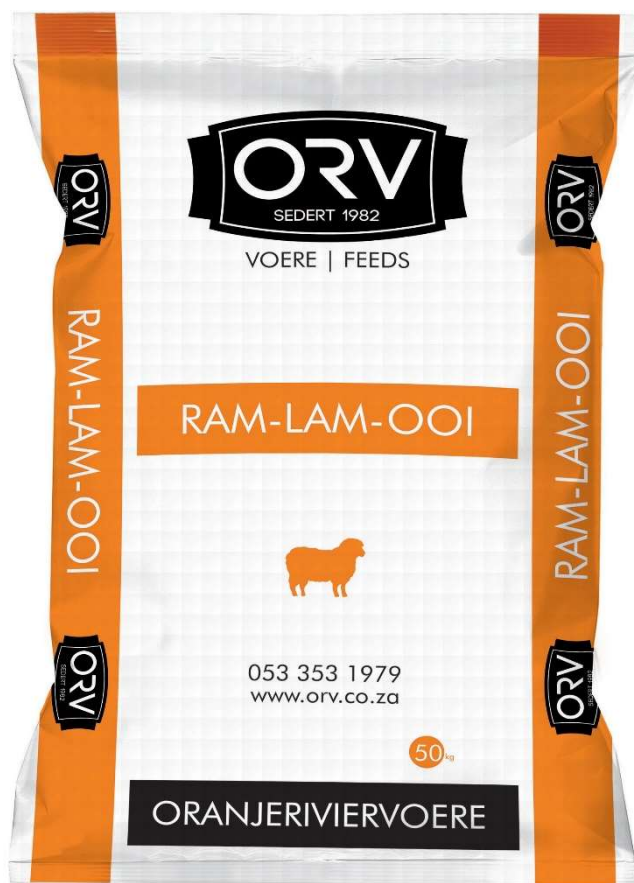

Forage-, grain- and roughage products, processed grain by-products, nutritional additives.

USE

- Versatile product
- Primarily for maintenance
- Facilitate fodder flow programme
- Min 13% protein

FEEDING RECOMMENDATIONS

During the first week, roughage must be provided additionally to promote adaptation. This feed must be fed ad lib. Ensure feeding troughs remain full.

WARNING

This feed contains medicaments and must not be fed to horses or game.

This feed contains NPN sources and registered growth promoters and must be fed strictly according to recommendations. Protect this feed against rain and it must not be fed injudiciously together with other NPN-containing feeds. Vinegar is an effective remedy against NPN-poisoning. Mix in equal parts with water and dose half a bottle per calf of adult sheep and 2 to 4 bottles per head of cattle (1 bottle=750ml).

COMPOSITION	MIN (g/kg)	MAX (g/kg)
