

PhosSure 6

A ready to use, water resistant phosphate, trace mineral supplement enriched with a molasses by-product.

Recommended use / application

PhosSure 6 is a ready to use, water resistant phosphate, trace mineral supplement enriched with a molasses by-product which gives the product a distinctive molasses smell and taste, as well as its unique water (rain) resistant characteristic.

This product can be used as free choice supplement for cattle, sheep, goats, horses and game.
