

VOERMOL PHOSPHATE BLOCK

Class: Phosphate and Trace Mineral Supplement for Ruminants

VOERMOL PHOSPHATE BLOCK is a mineral supplement for cattle, dairy cows, replacement heifers, sheep and ruminant game on green pastures:

- due to its shape and size it is easy to handle and ready to use;
- contains a wide range of minerals and trace minerals which promote reproduction and growth;
- contains relatively little salt and will therefore not result in excessive salt intake;
- promotes a good intake and is to a great extent rain resistant;
- **Voermol Phosphate Block** is suitable for ruminant game.

PHOSPHATE BLOCK

**V10264
N-FF 0430**

COMPOSITION OF VOERMOL PHOSPHATE BLOCK

REG NO V10264 (Act 36/1947) N-FF 0430

		(g/kg)	(mg/kg)
