

**Class:** Pig Growth Feed

**Form:** Pellets / Meal / Crumble

## Description

**Supreme Grower** is a complete grower feed which has been formulated to maximise growth in the early stages of the grower period. It is a high-density feed capable of laying down lean body tissue rapidly and efficiently. **Supreme Grower** is used for producers with pigs of a high genetic potential for lean meat deposition.

## Benefits

- A well-formulated ratio of energy, protein, fibre and fat to allow pigs to reach their genetic potential in growth rate and feed conversion.
- The use of high-quality raw materials allows pigs to convert feed efficiently for improved profits.

## Feeding Recommendations

**Supreme Grower** should be fed after **ExpressWean**. The **Supreme Grower** can be used as part of a one- or two-phase feeding system. Feed ad libitum, ensuring pigs always have free access to fresh feed.

## Expected Intakes

### ONE-PHASE FEEDING

Feed **Supreme Grower** from 12 weeks of age to slaughter.

Feed intake 12–22 weeks = 154 kg per pig.

### TWO-PHASE FEEDING

Feed **Supreme Grower** from 12–16 weeks, followed by **Supreme Rearer**.

Feed intake 12–16 weeks = 49 kg per pig.

## Composition

Nutrient	Quantity	Unit	Min/Max
Protein	160	g/kg	Min
Fat	25	g/kg	Min
Fibre	80	g/kg	Max
Moisture	120	g/kg	Max
Calcium	6	g/kg	Min
Calcium	10	g/kg	Max
Phosphorus	5	g/kg	Min
Total lysine	8.5	g/kg	Min
