- E. Power

The correct answer is option [D]

25. A gradual rotting of the teeth is called _____.

- A. tooth grey
- B. tooth bleeding
- C. tooth decay
- D. tooth growth
- E. tooth system

The correct answer is option [C]

26. Burns are accidents caused by contact with _____ heat such as fire or hot metal.

- A. dry
- B. cool
- C. moist
- D. water
- E. warm

The correct answer is option [A]

27. Which of the following is the odd one?

- A. lens
- B. pupil
- C. optic nerve
- D. retina

E. ear drum

The correct answer is option [E]

28. _____ is a plan showing the courses that make up a meal.

A. Diet

B. Vale

C. Menu

D. Meal

E. Plan

The correct answer is option [C]

29. Sweat is produced in the skin by the _____.

A. oil gland

B. dermis

C. sweat pore

D. epidermis

E. blood vessels

The correct answer is option [C]

30. The canine is used for _____.

A. chewing

B. cutting

C. slicing

D. mending

E. tearing.

The correct answer is option [B]

31. Which of the following is the odd one?

A. Orange

- B. Lime
- C. Lemon
- D. Margarine
- E. Tangerine

The correct answer is option [D]

32. How should you brush your teeth to make them clean?

- A. Horizontally, diagonally, vertically and inwards
- B. Sideways, inward, outwards and inwards
- C. Upward, downward, sideways, backward and forward

- D. breakfast, lunch and dinner

E. breakfast, dinner and supper

The correct answer is option [D]

56. A light sensitive spot in the eye where images are formed is called the _____.

A. eyelid

B. eyeballs

C. lens

D. iris

E. retina

The correct answer is option [E]

57. The coloured part of the eye is called the _____.

A. iris

B. retina

C. sclera

D. optic nerve

E. lens

The correct answer is option [A]

58. Foreign body in the nose can be removed by _____.

A. poking the nose with sharp object

B. sneezing several times

C. blocking affected nostril and blow

D. blocking unaffected nostril and blowing with a handkerchief

E. removing it with a pin

The correct answer is option [D]

59. Which of the following is not used for making jam?

- A. Guava
- B. Mango
- C. Red berry
- D. Strawberry
- E. Black currant

The correct answer is option [A]

60. Which one of the following is not a major tissue which make up the tooth?

- A. Enamel
- B. Dentine
- C. Pulp
- D. Nerve
- E. Cementum

The correct answer is option [D]

61. The first set of teeth which human beings grow is called _____.

- A. childhood teeth
- B. milk teeth
- C. permanent teeth
- D. wisdom teeth
- E. junior teeth

The correct answer is option [B]

62. Which of these is the oxygen carrier in the blood?

- A. Plasma
- B. Platelets
- C. White blood cell
- D. Red blood cell
- E. Antigens

The correct answer is option [D]

63. The nerves that travel from the nose to the brain are called _____.

- A. nose nerves
- B. nostrils
- C. olfactory nerves
- D. sensing nerves
- E. nervous nerves

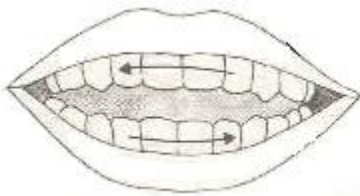

The correct answer is option [C]

64. Hair damage can be caused by _____.

- A. lack of sleep
- B. fatigue
- C. poor nutrition
- D. stress
- E. all of the above

The correct answer is option [E]

65. The arrow in the diagram shows _____ method of brushing our teeth.

- A. sideways
- B. backward
- C. forward
- D. upward
- E. none of the above

The correct answer is option [A]

66. The _____ is the part of the ear where sound vibrates.

- A. outer ear
- B. middle ear
- C. last ear
- D. side ear
- E. ear nerve

The correct answer is option [B]

67. The _____ is the part of the tooth projecting above the gum.

- A. crown
- B. root
- C. neck
- D. dentine
- E. pulp cavity

The correct answer is option [A]

68. _____ is used to prevent perspiration.

- A. Anti-perspirant
- B. Pomade
- C. Cosmetics
- D. Lipstick
- E. Perfume

The correct answer is option [A]

69. Why does stewing take longer time?

- A. It is a slow cooking method
- B. It is a fast cooking method
- C. It is a fat cooking method
- D. It is a high heat method

E. It involves oil

The correct answer is option [A]

Choose the correct option.

70. When the feet is constantly wet, bacteria and fungi can grow in between the toes to cause _____.

A. calluses

B. foot corn

C. corn

D. athlete's feet

E. watery foot

The correct answer is option [D]

71. Which of the following is not a skin injury?

A. Ring worm

B. Bites

C. Stings

D. Bruise

E. Cuts

The correct answer is option [A]

72. _____ is soft, clear, smooth and without spots or blemishes

A. Combination skin

B. Oily skin

C. Fair skin

D. Dry skin

E. Normal skin

The correct answer is option [E]

73. ____ is greasy and occurs when the oil gland produces too much oil.

- A. Combination skin
- B. Oily skin
- C. Normal skin
- D. Dry skin
- E. Fair skin

The correct answer is option [B]

74. The hardest tissue in the teeth is the_____.

- A. enamel
- B. dentine
- C. pulp
- D. cementum
- E. gum

The correct answer is option [A]

75. ____ is the process of applying cosmetic dye to the hair.

- A. Nourishing
- B. Plaiting
- C. Hair colouring
- D. Braiding
- E. Perming

The correct answer is option [C]

76. The correct way of brushing our teeth effectively is _____.

- A. sideways, upwards, backwards and forward
- B. downwards, upwards, up ways and sideways
- C. upwards, backwards and forward
- D. downward, upwards, sideways, backways and forward

E. downward, upwards, upways, backways and forward

The correct answer is option [D]

77. What filters the air we breathe?

A. The tiny hair in our nostril

B. The nourisher

C. The impulse

D. The nose

E. The nose bud

The correct answer is option [A]

78. Which of these is not a laundry material?

A. Bucket

B. bleach

C. Detergent

D. Bubble bath

E. Clothes pegs

The correct answer is option [D]

79. _____ is a special preparation that helps to restore strength and elasticity to the hair.

A. Hair conditioner

B. Hair shampoo

C. Hair relaxer

D. Hot comb

E. Lubricants

The correct answer is option [A]

80. _____ is the outer layer of the two main layer of a skin.

A. Endemic

- B. Dermis
- C. Epidermis
- D. Skin
- E. Pores

The correct answer is option [C]

81. The sensory nerve which goes from the brain to the eyeball is called the _____.

- A. cornea
- B. pupil
- C. lens
- D. optic nerve
- E. iris

The correct answer is option [D]

82. The type of hair that is often light and can easily cut when combing is the _____.

- A. dry hair
- B. oily and greasy hair
- C. soft hair
- D. tough and coarse hair
- E. long hair

The correct answer is option [C]

83. _____ affects the skin and scalp.

- A. Ascari worm
- B. Fungi
- C. Vines
- D. Ring worm
- E. Tape worm

The correct answer is option [D]

84. The two opening at the end of the nose are called ____.

- A. nose hole
- B. nose bud
- C. nose breathe
- D. nostrils
- E. nose hair

The correct answer is option [D]

85. The two layers of the skin are _____.

- A. epidermis and dermis
- B. epidermis and scalp
- C. dermis and dandruff
- D. true skin and hair pore
- E. dermis and true skin

The correct answer is option [A]

86. Some people have bad odour because _____.

- A. of their body make up
- B. of lack of care for their body
- C. of restlessness
- D. they are fat
- E. they hardly sweat

The correct answer is option [B]

Choose the correct option.

87. What encourages the body to be more alert?

- A. Signals
- B. Stimulants
- C. Food

- D. Starch
- E. Vitamins

The correct answer is option [B]

88. What part of the skin is known as the epidermis?

- A. Decayed outer layer of a skin
- B. The inner part of the stomach
- C. The interior area of the outer skin
- D. The outer layer of the skin covering the exterior body surface
- E. None of the above

The correct answer is option [D]

Choose the correct option.

89. _____ protects the eyes from dust and dirt..

- A. The eyebrow
- B. The eyelashes
- C. The eyelids
- D. The eye balls
- E. The retina

The correct answer is option [C]

90. The large teeth at the back of the mouth is known as _____.

- A. molars
- B. premolars
- C. palate
- D. gum
- E. incisors

The correct answer is option [A]

91. The hair can be well groomed by _____.

- A. cutting it when it is bushy
- B. treating hair infections
- C. plaiting it
- D. washing it regularly
- E. all of the above

The correct answer is option [E]

92. Soaking the nails for about three minutes in warm water helps to _____.

- A. remove nail polish
- B. remove nail plate
- C. hardens nail polish
- D. remove nail

The correct answer is option [B]

93. As a means of relaxation and figure control, _____ is very important.

- A. balanced diet
- B. cooking
- C. exercise
- D. rest
- E. writing

The correct answer is option [C]

94. Anaemic look, dark and fair pigments are disadvantages of a _____.

- A. bleached skin
- B. hairy skin
- C. dark skin
- D. light skin
- E. brown skin

The correct answer is option [A]

95. The following are ways we can care for our wigs and attachments except _____.

- A. washing it when dirty
- B. brushing and setting it
- C. tanning it.
- D. keeping it tidy
- E. taking it to a hair dresser for dressing

The correct answer is option [C]

96. Toning makes the skin of the face firm by _____ the pores.

- A. opening up
- B. closing up
- C. swelling up
- D. strengthen
- E. straightening

The correct answer is option [B]

97. Middle ear is the part of the ear where _____.

- A. sound reach the ear
- B. sound vibrates
- C. hair grows
- D. nerve stops
- E. sound stops

The correct answer is option [B]

98. Which of the following is the odd one?

- A. Vaseline
- B. Sulphur cream
- C. Satin sheen hair sheen
- D. Hair grow
- E. Palm oil

The correct answer is option [E]

99. The emergency treatment given to someone wounded or ill is called _____.

- A. ante natal care
- B. First aid
- C. post-natal care
- D. nursing care
- E. BCG Immunization

The correct answer is option [B]

100. The way the body parts are held up or carried when a person stands, walks, sits or walks is called _____.

- A. position
- B. poster
- C. posture
- D. post
- E. posterior

The correct answer is option [C]

101. _____ is the care given to the hand and finger nail.

- A. Manucure
- B. Pedicure
- C. Finger care
- D. Hand care
- E. Manicure

The correct answer is option [E]

102. What serves as an element of heating in pressing iron used in the rural areas?

- A. Candle wax
- B. Petrol
- C. Hot water
- D. Kerosene
- E. Charcoal

The correct answer is option [E]

103. Which of these is important for good walking posture?

- A. Turning the head side ways
- B. Tucking the abdomen
- C. Twisting the abdomen round
- D. Moving the hand
- E. Shaking the abdomen

The correct answer is option [B]

104. Eyes are organs of vision that detect _____.

- A. light
- B. sound
- C. smell
- D. pain
- E. touch

The correct answer is option [A]

Choose the correct option.

105. Short sightedness means _____.

- A. ability to see clearly

- B. inability to see in the dark
- C. inability to see objects that are far away
- D. inability to see objects that are too near
- E. inability to see objects that are bright

The correct answer is option [C]

106. To have healthy and strong teeth, one needs to take food rich in _____.

- A. carbohydrate
- B. vitamin
- C. protein
- D. calcium
- E. fats

The correct answer is option [D]

107. In brushing of the tongue, what method is used?

- A. Upward
- B. Side ways
- C. Backward and forward
- D. Backward
- E. Forward

The correct answer is option [C]

108. How can long hair be kept tidy?

- A. By frying
- B. Plaiting or packing
- C. Dyeing
- D. By tinting
- E. By drying

The correct answer is option [B]

109. Which of these is not a sense organ?

- A. Ear
- B. Eye
- C. Nose
- D. Stomach
- E. Tongue

The correct answer is option [D]

110. AIDS is transferred through _____.

- A. shearing bucket
- B. shearing drinking cups
- C. shearing the same bed
- D. shearing the same clothes
- E. blood transfusion

The correct answer is option [E]

111. Which one of the following contains sweat glands and blood vessels?

- A. Epidermis
- B. Dermis
- C. Sebaceous gland
- D. Sweat pore
- E. Surface skin

The correct answer is option [B]

112. The tube through which sound enters to reach the ear drum is called the _____.

- A. ear drum
- B. middle ear
- C. outer ear
- D. ear nerve

E. ear board

The correct answer is option [C]

113. The skin on the human head on which hair grows is called ____.

A. scalp

B. skin

C. hair gland

D. hair pores

E. hair follicle

The correct answer is option [A]

114. Which of the following part of the eye is the eye's protective outer coat?

A. Lens

B. Pupil

C. Retina

D. Sclera

E. Cornea

The correct answer is option [D]

115. The _____ is not part of the hand.

A. fingers

B. nails

C. palm

D. thumb

E. heel

The correct answer is option [E]

116. One can prevent dandruff by using _____.

A. soap and hair oil

- B. anti-dandruff shampoo and hair oil
- C. kerosene and hair oil
- D. fleet and hair oil
- E. hair cream and hair oil

The correct answer is option [B]

117. You develop _____ when you wear tight shoes.

- A. corns on the toes
- B. flesh on the toes
- C. long toe nails
- D. short toe nails
- E. none of the above

The correct answer is option [A]

118. To keep shoes in shape when not in use we _____.

- A. leave for some time to dry
- B. stuff it with old newspaper or shoe tree
- C. keep and use separate brushes for each colour
- D. replace the shoe lace
- E. store in a shoe rack

The correct answer is option [B]

119. The sweat gland produces _____.

- A. fatty acids
- B. sweat
- C. heat
- D. sweat duct
- E. blood

The correct answer is option [B]

120. To avoid bad smell from the armpit, we use _____.

- A. perspiring
- B. anti-perspirant
- C. deodorant
- D. air freshener
- E. none of the above

The correct answer is option [C]

121. The outer cover of the teeth is called _____.

- A. enamel
- B. gum
- C. elastic
- D. crown
- E. teeth cover

The correct answer is option [D]

122. The care of the hand and the finger nail is known as _____.

- A. handicure
- B. manicure
- C. pedicure
- D. nail care
- E. body care

The correct answer is option [B]

123. Dandruff is _____.

- A. a skin diseases on the face
- B. a hair style
- C. a piece of dead skin on the head that are shed by the scalp
- D. a hair product

E. a weak hair

The correct answer is option [C]

124. The ear is made up of _____, _____ and _____.

A. outer, middle, inner ear

B. inside, outside, middle ear

C. outward, inner ear, outer ear

D. downward, outward, inner ear

The correct answer is option [A]

Choose the correct option.

125. Over feeding causes _____.

A. headache

B. constipation

C. stomach ache

D. cancer

E. stomach ulcer

The correct answer is option [B]

126. ____ is the part of the teeth which covers the crown of the tooth.

A. Premolars

B. The root

C. The neck

D. The pulp cavity

E. Enamel

The correct answer is option [E]

127. When there is a foreign object in the nose or ear, it is very important to____.

A. breath in vigorously

- B. breath out vigorously immediately
- C. use a broom stick to bring it out
- D. see a doctor immediately
- E. pour water inside the ear or nose

The correct answer is option [B]

128. Skin oil are available as _____.

- A. pomades, cream and lotions
- B. mixture of ashes and oil
- C. mixture of palm kernel oil and kerosene
- D. mineral oil and cold cream
- E. vegetable oil and groundnut oil

The correct answer is option [A]

129. Which of the following is not a skin infection?

- A. Heat rash
- B. Ringworm
- C. Eczema
- D. Scabies
- E. Menstruation

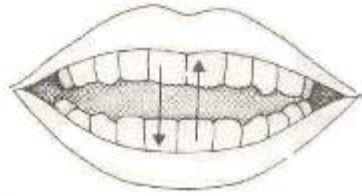

The correct answer is option [E]

130. An adult has _____ number of teeth.

- A. 29
- B. 33
- C. 32
- D. 31
- E. 30

The correct answer is option [C]

131. The arrow in the diagram shows _____ method of brushing our teeth

- A. sideways and forward
- B. upward and downward
- C. upward and frontward
- D. backward and sideway
- E. forward and backward

The correct answer is option [B]

132. The thin protective band of skin around the nail is called _____.

- A. skin
- B. nail bed
- C. nail plate
- D. nail crescent
- E. cuticle

The correct answer is option [E]

133. The space between the crown of the tooth and the root of the tooth is the _____.

- A. crown
- B. root
- C. dentine
- D. pulp cavity
- E. neck

The correct answer is option [E]

134. Which of these is best eaten raw?

- A. Yam
- B. Meat
- C. Fruits
- D. Rice
- E. Plantain

The correct answer is option [C]

135. The roots of teeth are covered by _____.

- A. tongue
- B. enamel
- C. gum
- D. dentine
- E. pulp

The correct answer is option [C]

136. Failure to clean the teeth regularly will lead to _____.

- A. dandruff
- B. delay
- C. dentine
- D. dentition
- E. decay

The correct answer is option [E]

137. ____ is a coarse matter in food that helps the bowel to work.

- A. Good food
- B. Roughage
- C. Starch
- D. Vitamins

E. Iodine

The correct answer is option [B]

138. The skin on the head where hair grows is called the ____.

- A. scalp
- B. skin
- C. hair gland
- D. hair pores
- E. hair follicle

The correct answer is option [A]

139. ____ are used for clipping or cutting nails and removing dead cuticles.

- A. Nail polishes and nail file
- B. Hand cream and clippers
- C. Nail butter and cuticles
- D. Clippers and scissors
- E. Orange stick and nail polish

The correct answer is option [D]

140. The set of teeth located in the centre of the mouth are the _____.

- A. incisors
- B. canines
- C. premolars
- D. molars
- E. dentine

The correct answer is option [A]

141. Which of the following is the odd one?

- A. Canine

- B. Molar
- C. Sickle
- D. Premolar
- E. Incisor

The correct answer is option [C]

142. Which of the following is the odd one?

- A. eye
- B. nose
- C. skin
- D. ear
- E. heart

The correct answer is option [E]

143. The tiny hair in the _____ act as filter to air taken in.

- A. head
- B. mouth
- C. nose
- D. ears
- E. nostrils

The correct answer is option [C]

144. A first aid box contains all of the following except _____.

- A. safety pin
- B. scissors
- C. cotton wool
- D. table knife
- E. antiseptic solution

The correct answer is option [D]

145. _____ is applied to soften the hands and soothen tough and dry skin.

- A. Hand polishes enamel
- B. Orange stick
- C. Hand cream and lotion
- D. File or emery board
- E. Hot water

The correct answer is option [C]

146. Which of the following is the odd one?

- A. anvil
- B. retina
- C. outer ear
- D. middle ear
- E. ear drum

The correct answer is option [B]

147. Cosmetics are used by people to make them _____.

- A. more intelligent
- B. slimmer
- C. more attractive
- D. taller
- E. smart

The correct answer is option [C]

148. Which of the following is not used in hair care?

- A. Laxative
- B. Shampoo
- C. Detangler
- D. Hair oil

E. Water

The correct answer is option [A]

149. Long sightedness means _____.

A. inability to see objects that are far away

B. inability to see objects that are too near

C. inability to see in the dark

D. ability to see in the dark

E. ability to see bright objects

The correct answer is option [B]

150. Which of these is not a function of the skin?

A. Makes us beautiful

B. Controls body temperature

C. Gets rid of perspiration

D. Protect the body against cold and heat

E. Makes us grow

The correct answer is option [E]

151. Concentrated caustic soda mix is bad for the hair because it can _____ the hair.

A. absorb

B. burn

C. cool

D. melt

E. promote

The correct answer is option [B]

SEWING OF SIMPLE PERSONAL AND HOUSEHOLD ARTICLES

Choose the correct option.

1. Which of the following does not belong to the group?

- A. Herring-bone stitch
- B. Stem stitch
- C. Chain stitch
- D. Hemming stitch
- E. Satin stitch

The correct answer is option [D]

2. Seams are used to _____.

- A. cut materials
- B. embroid materials
- C. fold two materials together
- D. overcast materials
- E. join two or more pieces of materials together

The correct answer is option [E]

3. Which of these items is the odd one?

- A. Running stitches
- B. Hemming stitches
- C. Diagonal tacking
- D. Slip hemming
- E. Over sewing stitches

The correct answer is option [C]

4. Which of the following is not a temporary stitch?

- A. Basting
- B. Diagonal tacking

- C. Hemming
- D. Tailors tacking
- E. All of the above

The correct answer is option [C]

5. The first stage of sewing is _____.

- A. tacking
- B. French seam
- C. running
- D. machining
- E. run and felt

The correct answer is option [A]

6. Which of the following is a strong hand stitch that can be used in place of straight stitch on a machine?

- A. Running
- B. Back-stitch
- C. Basting
- D. All of the above
- E. None of the above

The correct answer is option [B]

7. Decorative stitches are used to _____.

- A. make marks on materials
- B. to hold pieces of materials together
- C. to make garment beautiful
- D. to create space for materials
- E. to transfer pattern marks on materials

The correct answer is option [C]

8. _____ are used to hold fabrics in position.

- A. Pins
- B. Clamps
- C. Machine
- D. Sewing
- E. Scissors

The correct answer is option [A]

9. Which of the following is not needed in the preparation of beans balls?

- A. Beans
- B. Onion
- C. Pepper
- D. Palm Oil
- E. Rice

The correct answer is option [E]

10. Which of these is not used for fastening?

- A. Hook and eye
- B. Zipper
- C. Button and button hole
- D. Button and loop
- E. Bound opening

The correct answer is option [E]

11. What are the names of these pair of scissors?

- A. Seam picker and thimble
- B. Care scissor and needle scissor
- C. Cutting-out scissors and pinking shears
- D. Pinking shears and care scissors
- E. Seam scissors and pinking shear

The correct answer is option [C]

12. _____ is a design or paper model used for sewing.

- A. Trimming
- B. Clipping
- C. Ripping
- D. Slash
- E. Pattern

The correct answer is option [E]

13. A small cap-like metal or plastic worn on the finger to protect it when sewing is called _____.

- A. needle tracer
- B. cushion
- C. emery bag
- D. thimble
- E. none of the above

The correct answer is option [D]

14. An example of medium weight material is _____.

- A. satin
- B. linen
- C. denim
- D. furnishing cotton
- E. corduroy

The correct answer is option [A]

15. Which of the following does not belong to the group?

- A. Even basting
- B. Uneven basting
- C. Tailor's tacks
- D. Diagonal tacking
- E. Running stitches

The correct answer is option [D]

16. Which of the following is not true of an emery bag?

- A. It contain special dust
- B. It polishes pins and needles
- C. It sharpens pins and needles
- D. It holds pins and needles

The correct answer is option [C]

17. Vitamin A is needed for _____.

- A. growth of the body
- B. repair of the body
- C. the teeth

- D. the eyes
- E. energy

The correct answer is option [D]

18. The first stage of sewing is _____.

- A. tacking
- B. runing
- C. french seam
- D. run and felt
- E. machining

The correct answer is option [A]

19. The usual seam for jeans or a pair of knickers is the _____.

- A. british seam
- B. open seam
- C. machined fell seam
- D. plain seam
- E. french seam

The correct answer is option [C]

20. _____ means loosening sewn stitches.

- A. Trimming
- B. Ripping
- C. Clipping
- D. Pattern
- E. Ease

The correct answer is option [B]

21 Which of the following is wrong?

- A. Tape: measurement
- B. Tracing wheel: marking
- C. Hem marker: measurement
- D. Tailors chalk: stitching
- E. Shears: cutting

The correct answer is option [D]

22. Which of the following is not a sign of pregnancy?

- A. Height increases
- B. Vomiting
- C. Nausea
- D. Breasts enlargement
- E. Menstruation stops

The correct answer is option [A]

23. Which of these kitchen utensils is similar to a blender?

- A. Dry fryer
- B. Oven
- C. Toaster
- D. Microwave
- E. Food processor

The correct answer is option [E]

24. _____ is used for monograms and fine lines.

- A. Loop stitch
- B. Basic stitch
- C. Stem stitch
- D. Backward stitch

E. Side stitch

The correct answer is option [C]

25. ____ are used to join two or more pieces of material together.

A. Seams

B. Needles

C. Plates

D. Clothes

E. Fabric

The correct answer is option [B]

26. Adding white powder to a box of pin helps ____.

A. prevent pin from rusting

B. prevent pins from sticking together

C. prevent pin from breaking

D. prevent pin from slipping easily

E. sharpen the pin

The correct answer is option [A]

27. Which of these items is the odd one?

A. Stem stitch

B. British stitch

C. Chain stitch

D. Herringbone stitch

E. French knots

The correct answer is option [B]

28. What type of needle is used for threading of wool?

A. Darning needles

- B. Between
- C. Crewels
- D. Embroidery beads
- E. Hemming needles

The correct answer is option [A]

29. Needles called crewels are used for _____.

- A. embroidery
- B. tacking
- C. stitching
- D. hemming
- E. tracing

The correct answer is option [A]

30. _____ is not a decorative stitch.

- A. Stem stitch
- B. Herringbone stitch
- C. Chain stitch
- D. Temporary stitch
- E. Satin stitch

The correct answer is option [D]

31. Loop stitches are used to neaten _____.

- A. raw edges
- B. track fabrics
- C. embroidered edges
- D. tracked edges
- E. hemming stitches

The correct answer is option [E]

32. Pins are used to _____ fabrics in position.

- A. join
- B. hold
- C. clamp
- D. sew
- E. match

The correct answer is option [B]

33. A sleeve board is used for ironing _____.

- A. smaller parts of garment
- B. boarding sleeves
- C. bed sheets
- D. jeans
- E. large dresses

The correct answer is option [A]

34. A female sex cell is called _____.

- A. sperm
- B. ovum
- C. cell
- D. ovary
- E. womb

The correct answer is option [B]

35. Decorative stitches include all except _____.

- A. fly stitch
- B. cross stitch
- C. chain stitch
- D. back stitch

E. running stitch

The correct answer is option [E]

36. The most useful sizes of sewing needles are _____.

A. 4, 5, 10, and 11

B. 6, 7, 8, 9 and 11

C. 1, 2, 3 and 4

D. 12, 13, 14, and 15

E. 20, 21, 22, and 23

The correct answer is option [D]
