TWO TO TANGO is a table lamp with a subtle indication of time.
Balancing the energy between people. Balancing energies.

Throughout the evening, the burning candle decreases in weight until it reaches a tilting point. This activates the led-bulb and candlelight is replaced by warm artificial light.

This object accompanies the conversations around it. The tilting point marks a specific moment in time, a change in light and mood, an action: have dessert or a coffee, go home, give each other a kiss or a cuddle, start making love ...

Energy shifts. In lighting, in time, in awareness, in interaction.
Time to make/be the change.

name

TWO TO TANGO

function

a lamp x candelabra

dimension

BAR L 350 mm | B 30 mm | H 14 mm - WEDGE L 80 mm | B 45 mm | H 22,5 mm
