YOUR HOME BUILD ADVANTAGE

With over 20 years of successful performance, it's easy to see why the LP® SmartSide® brand is one of the fastest-growing brands for trim & siding products in the United States.

A PIONEER OF CHANGE

LP has redefined traditional building materials with treated engineered wood products that are designed to offer game-changing durability, beauty and workability. LP is a building industry leader in a category that's shaping the way homes, outdoor building structures and light commercial properties are being built.

See the innovation that goes into making LP SmartSide products at [YouTube.com/LPSmartSide](https://www.youtube.com/LPSmartSide).

BECAUSE STRENGTH IS MAKE OR BREAK

Featured: LP® SmartSide® ExpertFinish® Panel Siding & Trim in Tundra Grey *Image edited for dramatization

A NATURAL DEFENSE AGAINST NATURE

All LP® SmartSide® products are treated to the core through our proprietary LP® SmartGuard® manufacturing process. With a carefully formulated mix of resins, waxes and zinc borate, the SmartGuard process adds strength and helps LP SmartSide products offer protection against hail damage and moisture intrusion as well as resistance to termites and fungal decay.

See more about how LP SmartSide products are made at [YouTube.com/LPSmartSide](https://www.youtube.com/LPSmartSide)

FOUR COMPONENTS OF PROTECTION

LP's proprietary SmartGuard manufacturing process helps ensure that every LP SmartSide Trim & Siding product is treated with an advanced formula of adhesive resins, water-resistant waxes and zinc borate, after which a water-resistant, resin-saturated overlay is bonded to the product. The result: four components of protection against water damage, termites and fungal decay.

OUTSTANDING IMPACT RESISTANCE

In a study commissioned by LP, researchers determined that LP® SmartSide® cedar lap siding resists impact better than vinyl and fiber cement siding, which means that it can stand up better against everything from everyday bumps to storm debris.

And because of LP SmartSide siding's durability, it doesn't break easily and results in less waste.

HAIL AND WIND RESISTANCE

Results of third-party testing commissioned by LP Building Solutions demonstrate that LP SmartSide cedar texture lap siding resists hail damage better than fiber cement and vinyl. In fact, the LP SmartSide warranty covers impacts from hail up to 1.75 inches in diameter. LP SmartSide lap siding is also designed to withstand tough storms with wind gusts of up to 200 miles per hour. Refer to ESR-1301 or PR-N124.

RESISTANCE TO FUNGAL DECAY AND TERMITES

Since 1996, LP SmartSide siding has undergone brutal testing in Hilo, Hawaii. An average temperature of more than 70 degrees, high levels of humidity, and almost 170 inches of annual rainfall make Hilo's climate the perfect breeding ground for termites, moisture and fungal decay. Yet our Exterior Exposure Program continues to validate that LP SmartSide siding performs over time.

BACKED BY STRONG WARRANTIES

LP has your back with an industry-leading transferable prorated limited warranty for LP SmartSide products: a 50-year limited warranty for the substrate and 100% labor and material in the first 5 years. LP® SmartSide® ExpertFinish® Trim & Siding products include an additional 15-year limited warranty for the finish.

For complete warranty details visit [LPCorp.com/Literature](https://www.lpcorp.com/Literature)

ENGINEERED FOR FASTER & EASIER INSTALLATIONS

LP® SmartSide® products help you build with greater efficiency on the jobsite. From longer lengths to advanced durability, the math is simple—using LP SmartSide products can help boost your bottom line so you can install siding on more homes in less time.

Featured: LP® SmartSide® Panel Siding & Trim

PUTTING LP® SMARTSIDE® PRODUCTS TO THE TEST

With RSMeans, a trusted third-party construction data company, we tested the productivity of LP SmartSide products and LP® SmartSide® ExpertFinish® products against comparable fiber cement products to find out which helps you install faster and reduce build cycles.

THE RESULTS

Primed LP SmartSide Products vs. Fiber Cement

- LP SmartSide lap installs faster
- LP SmartSide trim installs faster

LP SmartSide ExpertFinish vs. Prefinished Fiber Cement

- LP SmartSide ExpertFinish lap installs faster
- LP SmartSide ExpertFinish trim installs faster

THE BOTTOM LINE

With lighter weights per square foot, longer lengths and advanced durability, LP SmartSide trim & lap siding installs faster than fiber cement trim & lap siding.

THE LP SMARTSIDE DIFFERENCE

Lighter Weights:
LP SmartSide Lap Siding is 45% lighter weight per square foot than fiber cement.

Longer Lengths:
LP SmartSide Lap Siding's 16-foot lengths may lead to fewer seams and cuts compared to fiber cement's 12-foot lengths.

See more about how LP SmartSide products stack up to the competition at [LPCorp.com/Proven-Productivity](https://www.lpcorp.com/Proven-Productivity)

SIDING FOR A MORE SUSTAINABLE WORLD

LP® SmartSide® Trim & Siding products are must-have materials to help builders qualify for sustainable building programs. In fact, the LP SmartSide full product portfolio represents one of the only carbon-negative siding options on the market, making it a great solution for clients who desire sustainable products with minimal impact on our environment.

Featured: LP® SmartSide® ExpertFinish® Panel Siding & Trim in Abyss Black

Featured: LP® SmartSide® ExpertFinish® Panel Siding & Trim in Abyss Black

We're not just building for the future; we're helping to protect it by using Sustainable Forestry Initiative® (SFI) certified forest management and fiber sourcing systems to help ensure that our wood comes from well-managed forests.

INHERENTLY SUSTAINABLE

The LP® SmartSide® manufacturing process begins with wood, a renewable resource, grown and gathered responsibly under strict SFI standards. We utilize 99% of all wood fiber that enters our manufacturing facilities either in our products or as an alternative renewable energy source to offset fossil fuel consumption.

A DURABLE CARBON-NEGATIVE SIDING OPTION

The amount of carbon dioxide emitted from raw material sourcing, manufacturing, shipping, and average end-of-life of LP SmartSide is less than the amount stored over its lifetime, qualifying it as carbon negative. In fact, LP SmartSide Trim & Siding produces 54% less greenhouse gas emissions during manufacturing as compared to fiber cement-based siding products.

GIVE YOUR VISION THE FINISHING TOUCH

Choose your style. Choose your color. Get the look you want—that's the beauty of working with LP® SmartSide® engineered wood siding products. Available in prefinished and primed options, LP SmartSide Trim & Siding offers the versatility you need to achieve stunning results with ease.

WHICH PRODUCT COLLECTION FITS YOUR NEEDS?

LP SmartSide products are available in prefinished ExpertFinish® colors and primed. A variety of prefinished colors helps you see almost instant color—only a few touch-ups are required after installation. With primed products, you can paint siding any color you choose. Explore each option in the following pages.

See how LP SmartSide products can look on your home with the new Home Visualizer tool, available at LPCorp.com/Home-Visualizer

COLORFUL SIDING. BEAUTIFUL FINISH.

LP® SMARTSIDE® EXPERTFINISH® TRIM & SIDING

The advanced durability you expect from LP® SmartSide® Trim & Siding comes in color. With a variety of versatile prefinished colors, there's a color that'll complement your project—no matter your style. Start visualizing how you could bring color to your design today!

Featured: LP® SmartSide® ExpertFinish® Cedar Texture Lap in Summit Blue

TAKE ADVANTAGE OF STRONG PREFINISHED OPTIONS

LP® SmartSide® ExpertFinish® Trim & Siding offers more design options than ever. This factory-finished siding with uniform color provides durability without sacrificing beauty.

- Installs easier with the ExpertFinish proprietary lap joint, which eliminates the need for seam caulking, joint molds or pan flashing at butt joints
- Backed by an industry-leading 5/15/50-year prorated limited warranty: 5-year labor and materials, 15-year finish, and 50-year substrate
- May allow for time and labor savings for the installer and builder
- Uniform color application in a controlled environment helps ensure a more attractive look

Which color is best for your build? Explore our collection of 16 versatile prefinished colors available in brushed smooth and cedar texture.

All colors shown are representative and may not be an exact match.

See the complete list of colors and product availability on pages 37-70.

Please contact your local LP SmartSide sales representative for product availability.

DISCOVER COUNTLESS DESIGN OPPORTUNITIES

LP® SmartSide® ExpertFinish® Trim & Siding can take your design vision to the next level with several exclusive products designed to add style and a clean finish to your home. Siding and trim in colors that pop can make your home stand out, while additional details create a polished look that is longer lasting.

- Pair multiple colors of trim, siding and more for a cohesive look
- Match your home's style to traditional colors for it—or try something new
- Achieve a modern look that still stands the test of time
- Choose from a variety of options for black or brown roofs

PRIMED AND READY TO MATCH YOUR **STYLE**

The complete LP® SmartSide® Trim & Siding product collection is available primed and ready to paint any color so you can enjoy the flexibility you need to create almost any home style. Explore the collection and options on the following pages.

Featured: Primed LP® SmartSide® Cedar Texture Lap & Vertical Siding, Trim & Fascia

SHOW YOUR TRUE COLORS

For even more aesthetic options, primed LP SmartSide products serve as a great option. These products arrive ready to be painted any color so you and your clients can create the look you want. They're also backed by the durability you expect from engineered wood technology. All LP SmartSide products are available in the primed option.

LAP SIDING

Easier-to-maintain traditional siding, available in cedar texture

NICKEL GAP SIDING

Offers a modern profile with locking flanges and a fastener groove that hides nails

SHAKES

Accent piece with staggered or straight edges and shiplap ends for a detailed finish

PANEL & VERTICAL SIDING

Siding that can be used to create the classic board and batten style, among other looks

TRIM & FASCIA

Details to add interest and curb appeal to any home's look, available in brushed smooth and cedar texture

SOFFIT

Ventilation that completes a clean exterior look and serves as a finishing touch

J-BLOCK

Offers a way to easily and attractively mount light fixtures, water faucets and more

MINI-SPLIT

Install exterior features with ease; can be separated for specific mount styles

OUTSIDE CORNER

Primed one-piece corners eliminate the need to build corners on the jobsite and help prevent water intrusion

MAKE THE FIRST IMPRESSION COUNT

LP® SmartSide® Trim & Siding products add style and durability to new homes and other applications, such as remodels and multifamily structures. They come in a variety of ExpertFinish® colors designed to enhance any project. Use LP SmartSide products on their own or to complement other claddings, such as brick or stone. With products and colors this versatile, the possibilities are virtually endless, no matter the project.

38 SERIES EXPERTFINISH LAP

* Same specs for all 16 colors on pages 39-70.

**Lap joint profile is exclusive to LP® SmartSide® ExpertFinish® Lap Siding. Third-party prefinished siding will not include this feature.

‡ LP offers vented soffits in both 5 square inches and 10 square inches of ventilation per linear foot for primed.

Specifications: LP® SmartSide® ExpertFinish® Trim & Siding

CEDAR TEXTURE LAP SIDING

THE BOLD LOOK OF CEDAR WITHOUT MANY OF THE WORRIES

- One of the most durable lap siding options on the market today
- Available in lengths up to 16’ to help speed installation
- May create fewer seams than traditional 12’ siding
- Primed for exceptional paint adhesion
- APA-certified lap siding
- Treated with the SmartGuard® process for superior protection against many weather conditions and resistance to termites and fungal decay

CEDAR TEXTURE SHAKES

THE LUXURIOUS APPEAL OF CEDAR

- The look of traditional cedar with more durability for easier maintenance over time
- Staggered edges offer a lively, textured effect
- Can be used as a decorative accent or on the entire structure
- Shiplap ends for a clean appearance
- Reversible staggered or straight edge offers exceptional design versatility
- Treated with the SmartGuard® process for superior protection against many weather conditions and resistance to termites and fungal decay

Disclaimer: The above chart does not account for waste factors. Remember to include your expected jobsite waste. It is up to the purchaser to determine the appropriate waste factor to add to the material estimate. LP takes no responsibility for estimates, including overages or shortages of material based on the above coverage chart.

CEDAR TEXTURE PANEL SIDING

DURABLE FROM TOP TO BOTTOM

- Shiplap edges with alignment bead for easier installation
- Primed for exceptional paint adhesion
- Lighter per square foot than comparable fiber cement panel
- Strong enough to be nailed directly to stud, making additional sheathing unnecessary in many applications
- Helps to eliminate need for additional bracing on load-bearing walls
- Excellent exterior for homes in areas of high winds
- Treated with the SmartGuard® process for superior protection against many weather conditions and resistance to termites and fungal decay

Specifications: LP® SmartSide® Trim

BRUSHED SMOOTH TRIM

SMOOTH APPEARANCE, ADVANCED DURABILITY OF ENGINEERED WOOD

- Helps protect against moisture intrusion, impacts from hail, and damage from freeze/thaw cycles
- Treated with the SmartGuard® process for superior protection against many weather conditions and resistance to termites and fungal decay
- 16’ length can result in faster installation and fewer seams
- Primed for exceptional paint adhesion
- Backed by an industry-leading 5/50-year limited warranty

CEDAR TEXTURE SOFFIT

THE FINISHING TOUCH

- Cut-to-width can help to eliminate time spent cutting full sheets down to size
- 38 Series engineered for closed soffit applications
- 76 Series and 190 Series are ideal for use as the starter course for roofs with exposed eaves
- Treated with the SmartGuard® process for superior protection against many weather conditions and resistance to termites and fungal decay

Cedar Texture

BRUSHED SMOOTH SOFFIT

THE FINAL DETAIL TO MAXIMIZE CURB APPEAL

- Cut-to-width can help to eliminate time spent cutting full sheets down to size
- 38 Series engineered for closed soffit applications
- Treated with the SmartGuard® process for superior protection against many weather conditions and resistance to termites and fungal decay

Brushed Smooth

38 SERIES BRUSHED SMOOTH SOFFIT – CUT-TO-WIDTH

DESCRIPTION	LENGTH	ACTUAL WIDTH	THICKNESS	PID NUMBER	WEIGHT
38 Series Brushed Smooth Soffit – Cut-to-Width	16 ft. (192 in.)(4.9 m)	11.94 in. (303 mm)	0.354 in. (9 mm)	46005	-
	16 ft. (192 in.)(4.9 m)	15.94 in. (405 mm)	0.354 in. (9 mm)	46006	-
	16 ft. (192 in.)(4.9 m)	23.94 in. (608 mm)	0.354 in. (9 mm)	46009	-

CEDAR TEXTURE VENTED SOFFIT

ENGINEERED TO CUT OUT PROBLEMS

- Precisely cut vents offer 5 and 10 square inches of ventilation per linear foot, providing more options to meet code requirements while adding architectural beauty
- Promotes continuous airflow
- 1/8" vents to help keep hornets and most bees out
- Eliminates time spent ripping full sheets
- Treated with the SmartGuard® process for superior protection and resistance against many weather conditions, fungal decay and termites

Cedar Texture

38 SERIES VENTED CEDAR TEXTURE SOFFIT – CUT-TO-WIDTH

DESCRIPTION	LENGTH	ACTUAL WIDTH	THICKNESS	PID NUMBER	WEIGHT
38 Series 5 sq. in. Vented Cedar Texture Soffit – Cut-to-Width	16 ft. (192 in.)(4.9 m)	11.94 in. (303 mm)	0.354 in. (9 mm)	45450	-

J-BLOCKS

A COHESIVE LOOK FOR HOME EXTERIORS

- Allows for easier installation
- Primed for exceptional paint adhesion
- Available in cedar texture
- Used to easily and attractively mount light fixtures, water faucets and more
- Treated with the SmartGuard® process for superior protection against many weather conditions and resistance to termites and fungal decay
- Backed by a 5/10-year limited warranty

Cedar Texture

DESCRIPTION	LENGTH	ACTUAL WIDTH	THICKNESS	PID NUMBER

MINI-SPLITS

EASIER INSTALLATION FOR EXTERIOR FEATURES

- Easier installation
- Primed for exceptional paint adhesion
- Available in cedar texture
- Used to easily and attractively mount light fixtures, water faucets and more
- Treated with the SmartGuard® process for superior protection against many weather conditions and resistance to termites and fungal decay
- Backed by a 5/10-year limited warranty

BUILD BETTER WITH LP BUILDING SOLUTIONS

Building a Better World™

LP's mission is to provide an innovative and sustainable portfolio of high-quality products that help our customers build beautiful, durable homes and structures. With a united spirit of discovery, LP is forging ahead with innovative ideas to create new products that make a difference in the world.

LP WeatherLogic® Air & Water Barrier

LP WeatherLogic Air & Water Barrier provides moisture management technology for a better build. To protect against air and water for years to come, LP WeatherLogic Air & Water Barrier helps create a tight building envelope, installs easily, and keeps the jobsite clean.

LP® TechShield® Radiant Barrier

The original, #1 brand of radiant barrier, LP TechShield Radiant Barrier may reduce monthly cooling costs by blocking up to 97% of the radiant heat in the panel from emitting into a home's attic, lowering attic temperatures by up to 30° F.

LP Legacy® Premium Sub-Flooring

LP Legacy Premium Sub-Flooring uses Gorilla Glue Technology® for one of the strongest, stiffest sub-floors. The resin in Gorilla Glue Technology binds wood fibers at the molecular level for premium performance.

LP® FlameBlock® Fire-Rated Sheathing

LP FlameBlock Fire-Rated Sheathing has structural design values equal to OSB sheathing of the same performance category. Evaluated by ICC-ES, Intertek and UL, it combines flame-spread and burn-through resistance in a single panel.

LP NovaCore® Thermal Insulated Sheathing

LP NovaCore Thermal Insulated Sheathing combines OSB structural sheathing and Owens Corning® FOAMULAR® NGX® 250 Extruded Polystyrene (XPS) insulation for faster installation to protect against cold and heat.

LP® TopNotch® 350 Durable Sub-Flooring

LP TopNotch 350 Durable Sub-Flooring is designed for exceptional stability to create a strong, smooth foundation for a variety of finished flooring. We back LP TopNotch 350 Sub-Flooring with a 200-day "no-sand" warranty and a 50-year transferable limited warranty.

LP® ArchForm™ Concrete Edge Form

LP ArchForm Concrete Edge Form is an engineered wood product designed for use in flatwork concrete forming applications, such as residential landscaping, patios, walkways, pool decks and more. It is flexible enough for curving to fit the contours of formed concrete projects and is backed by LP's industry-leading technology, service and support.

For more information, visit [LPCorp.com/SmartSide](https://www.LPCorp.com/SmartSide)

WARNING: Drilling, sawing, sanding or machining wood products can expose you to wood dust, a substance known to the State of California to cause cancer. Avoid inhaling wood dust or use a dust mask or other safeguards for personal protection. For more information go to www.P65Warnings.ca.gov/wood.
