

Models 3634/3634 Easy-Close Heavy-Duty for Wide Drawers

- Drawers up to 42" wide
- Lever Disconnect
- 1" Over Travel

Models 3634/3634EC Easy-Close Heavy-Duty for Wide Drawers

Models 3634 and 3634EC offer a combination of features and installation advantages that make these products the go-to slides for heavy-duty wide drawers.

Applications include wider drawers and trays used for storage in retail fixtures, restaurants, medical facilities, and business offices, as well as residential kitchens, garages, and more.

Common Features & Benefits

- **1" over travel** for full access to drawer contents.
- Accommodates drawers up to **42" wide** to expand potential applications.
- **.78" cross-section** width.
- **Lever disconnect** allows for easier drawer removal and reinsertion.
- **Outer member hole pattern matches models 3832/3834.**
The same hole configuration and fastener type are used whether slides are going into a 1/2" or 3/4" side space.
- **Slides are unhande**d, which also helps speed and ease installation.
- **RoHS compliant**

Model 3634EC

- **Easy-Close feature** brings drawers to a smooth, gentle close. This mechanism is a more robust design intended for wider drawers and heavier loads up to 150-lbs.
- **Out stop** silenced for quiet operation.

Model 3634

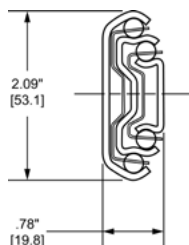

- Includes **hold-in detent** to help hold drawers in a closed position.
- This model carries loads up to **200 lbs. per pair**. It can be flat mounted which reduces the load capacity to 75 lbs.
- **In-and-out stops** silenced for quiet operation.

Availability

Even lengths

- 3634 Easy-Close-14"-28"
Note: The 14" length is full extension only.
- 3634-12"-28"
- Both models are available in clear zinc (C) or electroplate black (CB).
