The Power of Color

Approximately 80% of what we absorb through the senses is visual, and color has the ability to distinctly influence our feelings and emotions in a unique way.

Interior color decisions are far easier than exterior color decisions

60%

consumers are highly
confident in picking
interior colors

40%

consumers are highly
confident in picking
exterior colors

When making exterior color decisions...

50% say "I trust my own visual instincts, my #1 influence."

40% say "Magazines, TV shows and design websites are one of my biggest influences."

10% say "Neighbors, contractors, architects and other sources are influences."

Today's intelligent homeowners

- Understand that colors must work with neighborhood style and architectural style of the home
- Want small "pops" of color to lend personality and exhibit their style
- Want color coordination with hardscapes and landscapes
- Want to stand out "tastefully"
- Seek a "cohesive character" for their home, **but are often perplexed on how to achieve it**

Choosing your color should be fun,
not intimidating. See pages 23-24 for helpful guidelines.

Note: Colors throughout this brochure are simulated. Consult product samples before making final selection.

AGED RED CEDAR

CertainTeed Rustic Blend shingles capture the seasoned look of red cedar with a consistent weathering pattern that will not change over time.

Rustic Blend

Sawmill Shingles

Cedar Impressions Sawmill Shingles have molded textures and patterns that replicate the effect of saw blades on real cedar. This texture is reminiscent of cedar cut at sawmills from the earliest years of European settlement throughout New England.

Sawmill Texture

7 Shingle widths

All **Cedar Impressions Individual 5" Sawmill Shingles** come in seven different widths which allow for random installation and one-of-a-kind designs.

Maximum character. Minimum care.

Low Maintenance

A home sided with natural cedar shingles has a character all its own. But, this character comes with a price for upkeep. Continual expenditures of time and money will be necessary as wood ages and weathers. With Cedar Impressions Shingles and Shakes maximum character is maintained with minimum care, retaining consistent color and resisting mold and mildew.

Better than wood.

REAL CEDAR SHINGLES WEATHER

A home's exterior walls will be affected by weather patterns coming from the north, south, east or west. This can cause cedar shingles to weather inconsistently from one side of a home to another.

REAL CEDAR SHINGLES REQUIRE MAINTENANCE

Real cedar shingles must be stained or bleached to prevent discoloration. These treatments will need to be repeated over time. Cedar Impressions stays beautiful and consistent in color on all sides of the home and without continual maintenance.

Lower Cost

Natural cedar is one of the most expensive siding materials and is costly to maintain and repair. Cedar Impressions offers an alternative that requires very little maintenance, significantly reducing long-term costs.

Higher Durability

Over time, the effects of weather and age can cause wood to split, warp, buckle, crack and rot. Cedar Impressions is engineered to retain its like-new appearance and outstanding durability for years to come.

Pest-Free

Wood is a natural attraction for insects and other pests that can cause damage to cedar siding and become a nuisance around the home. Cedar Impressions offers a solution to this problem.

CEDAR IMPRESSIONS SHINGLES RETAIN
CONSISTENT COLOR AND RESIST MOLD AND MILDEW.

Cedar Impressions is better...

...for lasting quality.

The Cedar Impressions family of shingles and shakes is built to last. Extra thick siding panels have reinforced nail slots and molded locks to allow seamless and secure connections that withstand hurricane force winds. Ribs on the back of panels and shingles protect against warping, cupping or distortion. All Cedar Impressions products are manufactured from high-quality polymer materials in the U.S.A.

Want More Ideas?

No Place Like Home Brochure

This brochure helps inspire ideas (pub. no. CTS435).

Go online for the PDF version or call 800-782-8777 for the brochure.

1 Look for color palette ideas in your surroundings, including landscaping, trees and gardens in your neighborhood and the larger area where you live. The colors you pick for your interior walls can also influence your exterior walls.

2 You may be inspired by your neighbors' color schemes, but it is a good idea to avoid copying them exactly and best to create your own unique combination that sets your home apart. In most cases, you want your home to fit in but not clash with nearby buildings.

3 You need to first consider the appearance of any features on the home that will remain unchanged and harmonize your siding color with them. This includes roofing, masonry, stone, stairways, doors, etc.

4 If your home's architectural style is very distinct (Colonial, Greek Revival, etc.) you will get best results if your color selection and treatment complements its original design.
