

METAL ROOFING

Appearance and Durability for a Lifetime

ArrowLine® Slate
Roofing in T-Tone Blend

Vertical 12\"/>

Single 6\"/>

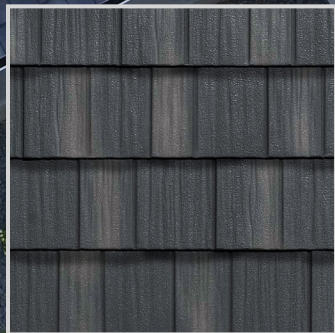

A vertical photograph on the left side of the page shows a modern house with a steep, gabled roof covered in dark grey metal shingles. The house has light-colored horizontal siding and a stone-textured lower section. The background shows a forested hill under a clear sky.

Be the envy of the Neighborhood that only comes with a new roof from **EDCO.**

EDCO Metal Roofing protects your most valued asset – your home and/or business. Our award-winning roofing offers unmatched beauty and durability. It can withstand the most extreme weather conditions – hail, wind, snow, ice, sun and heat – while maintaining its original look for years to come. Have peace of mind knowing the benefits that come with installing a steel roof from EDCO, include:

- Unmatched lifetime non-prorated warranty that includes material and labor
- Cool-roof technology that reflects sunlight and absorbs less heat than typical roofing material
- Sustainability of our metal roofing - 100% recyclable
- UL Class 4 impact rating (highest impact rating available)
- Class A fire rating achieved when installed as a system with fire-resistant decking materials
