****Selecting SKU/Board Color**
When ordering, combine the SKU with Trex color match guide. Example: Trex Select 300 SQFT Saddle = FMCTXCL-TX300SLSD

Collated Cortex® for Trex Enhance® Decking NOW Available!

Collated Cortex®, already available for the most popular composite decking boards, is now available for all Trex Enhance® board colors. This offers a beautiful finished look while speeding up installation and saving time. FastenMaster's exclusive Spotter Installation Guide is specifically designed for fastener placement in the Trex® Enhance board, ensuring a proper connection into the legs of the board profile.

New board colors are always being added to the Cortex product lines. If the board color you are looking for is not listed, consult our website for recent updates or call FastenMaster customer service.

Cortex® FASCIA

Hidden Fastening System for Trex® Fascia

The Cortex Fascia Hidden Fastening System is the strongest, easiest way to hide fasteners in Trex® Fascia Boards. Cortex plugs are made from the same Trex® fascia material for a perfect color match.

Features:

- Engineered for fascia expansion/contraction
- Perfect color matched plugs made from Trex® Fascia board
- Featuring the TORX® ttap® drive system
