

# PolyBak<sup>™</sup> Ultra<sup>™</sup>

## BETTER THAN PHENOLIC

**PolyBak** by RICHWOOD is the industry leader in balancing backers with the best value and the most complete product offering.

**PolyBak Ultra** safely replaces .028" thick phenolic backer sheets because it is:

- A stronger balancing backer
- An effective moisture barrier
- GreenGuard Certified, like all PolyBak models, because it has no added formaldehyde
- Available in 4 standard widths, 4 standard lengths, and custom sizes
- Rigid yet flexible so it handles with ease
- .035" thick
- Paintable
- Made in the USA
- Sold primarily through our extensive distribution network
