**PRISM**  
LOVE YOUR LAMINATES

2019–2020 COLLECTION

**Bring the  
outside in.**

**We've always had a thing for the outdoors.**

# It's O.K. to get excited.

We thought it would be fun to try something new. To kick off our future together, we're taking a walk in the woods. The outside world has natural style with textures that are just dashing, and the fresh air from our tree friends works wonders on our spirits. Bring the outside in with our 16 newest designs that take cues from serene light ash, relaxed pine, subtle warm oak. Ready? Let's take the reassuring presence of our forests and turn 'em into something fun.

Prism is a colorful TFL (thermally fused laminate) brand that has real character with a designer-friendly focus. Our spectrum of styles and textures will open your eyes to a bright new world of laminates. Let Prism take your designs to the next level with true-to-life laminates that are durable and authentic to the touch. With more than 80 designs, including over 70 exclusives, Prism puts you right on trend. Prism TFL is ready to install vertically, horizontally – or go diagonal! We're a smart surface that you can love.

## New Textures

Let's give a warm welcome to our two newest textures. **Boreal** takes after the deep and vast forest of the same name—a tactile, striated texture that invites adventure and limitless design possibilities. In contrast, **Velvet** offers a warm touch to surfaces. The smooth, matte texture amps up sophistication in woodgrain and solid designs.

WF449 Sarek Ash

WF450 Bergen Ash

WF451 Narvik Ash

WF452 Karuna Ash

# Nordica

Shed new light on any environment with these bright, delicate wood looks. Bringing the illusion of open space to urban living, these serene surfaces harmonize your indoor green space with the understated elegance of minimalism.

**Texture:** Velvet

*Bergen Ash cabinets and island shelves;  
Mysterious island base and shelf over sink*

# Cascada

In keeping with our philosophy of spreading the laminate love, the designs in Cascada feel like a warm, relaxed hug. They're just what you need to create a comfortable balance between natural elements and bold colors, metallic finishes and stone surfaces.

**Texture:** Boreal

*Horizontal wall layup and conference table in Tumalo Pine*

WF444 Tumalo Pine

WF445 Sahalie Pine

WF440 Ginger

WF441 Burlap

## Taction Oak

Channeling the subtle structure and color of its mighty namesake, Taction Oak brings a natural touch to any spot. Warm tones, modern bohemian sensibilities and a cozy, inviting personality make these surfaces sweet as they are smart.

**Texture:** Taction

*Cabinet doors and backwall in Ginger*

# Fiero Oak

Earthy and rustic, the timeless textural quality of these authentic woodgrains speaks for itself. Dark and natural tones are translated into sophisticated expressions reminiscent of artful hand-crafted wood.

**Texture:** Boreal

*Lockers in Charred Oak*

WF446 Charred Oak

WF447 Toasted Oak

WF448 Seared Oak

WF442 Chique

WF443 Luxent

WF439 Outlandia

# But wait, there's more!

Velvety smooth, walnut and exotic wood fantasy designs come alive in these brand new surfaces. Unexpected but not outlandish!

**Texture:** Velvet

*Credenza fronts and shelves shown in Chique*

AF232 Natural Linen

## Are we barking up the wrong tree?

Our stylish spectrum comes full circle with two unique designs that have an organic feel and abstract twist. Try textile-inspired Natural Linen or supple, deep blue Mysterious on your next project.

**Texture:** Natural Linen in Suede; Mysterious in Velvet

*Upper and lower cabinets in Sarek Ash; Island in Mysterious; Counters in Charred Oak*

SF247 Mysterious

# Prism is your perfect partner.

Prism TFL on high quality particleboard and MDF substrate, is manufactured entirely by ARAUCO at our facilities across North America. We manage our own inventories to maintain a current and balanced design offering and a dependable supply you can count on. For sales and support services, email [marketing@arauco-na.com](mailto:marketing@arauco-na.com).

Prism TFL is all matched up! Our Symmetry Program features a wide array of complementary products. Edgebanding, HPL, 3DL, wrapping and moulding products, and doors are available for our entire collection. Our strong partnerships with trusted suppliers will ensure that your projects have a cohesive and natural look.

Prism is a truly sustainable surfacing solution. We're loaded with certifications and our panels comply with TSCA Title VI/CARB-2. Want smart? Use our Life-Cycle Assessment data, EPDs, Transparency Briefs and HPDs to support your LEED projects. There is lots of documentation on our website.

Prism TFL is raising the bar for laminates with the introduction of InCopper® antimicrobial technology. This proprietary technology incorporated in all Prism TFL exclusive designs, protects the surface of the panel, actively inhibiting the growth of microorganisms that cause deterioration, stains or degradation. The secret? Safe, naturally-occurring copper salts that remain active as long as the panel surface remains intact.

The Prism website has everything you need to get it done; inspiration and sample ordering made easy. Make something fun at [www.prismTFL.com](http://www.prismTFL.com).
