THE CAP SHINGLE TO FINISH THE JOB RIGHT. PROEDGE[®] HIP & RIDGE SHINGLES

Fast Installation

- Perforated for easy separation. No additional on-site cutting required.
- Pre-cut edges create a clean, defined roof line
- Larger exposure requires fewer pieces to achieve coverage compared to strip shingles.

Added Protection

- Pre-applied continuous sealant bead for quick adhesion
- Consistent system limited warranty and performance⁵
- Engineered to deliver 130 MPH wind warranty performance⁶

Enhanced Aesthetics

- Shadow line provides strong distinction along ridge line
- Color coordinated to compliment Owens Corning[®] laminate shingle line

It takes more than just shingles to protect your home. It takes an integrated system of components and layers designed to withstand the forces of nature outside while controlling temperature and humidity inside. The Owens Corning® Total Protection Roofing System®^A gives you the assurance that all of your Owens Corning® roofing components are working together to help increase the performance of your roof – and to enhance the comfort and enjoyment of those who live beneath it.
