

SKYTRIM® PROTECTIVE FILM

We are always looking for ways to make things easier for our distributors, dealers, and contractors. As such, we are excited to introduce Skytrim® Protective Film.

Skytrim Protective Film is designed to keep your trim products clean and protected throughout all stages of its journey: from our plant to the homeowner. This extra layer of protection will help you and your customers focus on what is important to your business and worry less about keeping trim clean at the jobsite.

When work is complete, simply peel off the film and enjoy a beautiful home.

ADVANTAGES:

- Protects from dust and dirt
- Keeps trim clean during shipping, storing, handling, and on the jobsite
- Easy to peel off without leaving any residue behind
- Helps stand out at the jobsite with Kleeer-branded design
- Available for smooth and woodgrain surfaces
- Available for Skytrim sheets and trimboards

STORAGE & HANDLING TIPS

- Keep filmed product under shroud until ready to install
- Protective film should be removed immediately after installation
- Do not expose filmed product to direct sunlight for extended periods of time

Available for smooth and woodgrain surfaces.

Peels off easily with no residue left behind.
