

skytrim™

THE SKY'S THE LIMIT

The Sky's the Limit

Elevating exterior & interior design

Trim takes the design of any home to the next level. Skytrim™ has a complete line of PVC trim options that prove it—with everything from trimboards to mouldings to column wraps. So familiar porches, window surrounds and exterior corners are revived and rediscovered.

Skytrim means never trading looks for longevity; combining beauty, performance and durability to deliver striking results that stand the test of time.

Why choose Skytrim over wood?

| | Wood | Skytrim |
|---|-------------------------------------|-------------------------------------|
| Rot, mold and insect resistant | <input type="checkbox"/> | <input checked="" type="checkbox"/> |
| Virtually waterproof | <input type="checkbox"/> | <input checked="" type="checkbox"/> |
| Direct contact with masonry | <input type="checkbox"/> | <input checked="" type="checkbox"/> |
| Resistant to splitting, cupping, warping | <input type="checkbox"/> | <input checked="" type="checkbox"/> |
| Easy to work with; ideal for milling and routing | <input type="checkbox"/> | <input checked="" type="checkbox"/> |
| Self-extinguishing | <input type="checkbox"/> | <input checked="" type="checkbox"/> |
| Does not require paint, stain or varnish for weather protection | <input type="checkbox"/> | <input checked="" type="checkbox"/> |
| Heat bending in advance or on the job | <input type="checkbox"/> | <input checked="" type="checkbox"/> |
| Wide selection of available dimensions | <input checked="" type="checkbox"/> | <input checked="" type="checkbox"/> |
| Weatherability and UV protection built-in | <input type="checkbox"/> | <input checked="" type="checkbox"/> |
| Smooth sealed edges, easy to wipe clean | <input type="checkbox"/> | <input checked="" type="checkbox"/> |
| Protective film | <input type="checkbox"/> | <input checked="" type="checkbox"/> |
| Two finishes, smooth or reversible woodgrain/smooth | <input type="checkbox"/> | <input checked="" type="checkbox"/> |

Trimboards

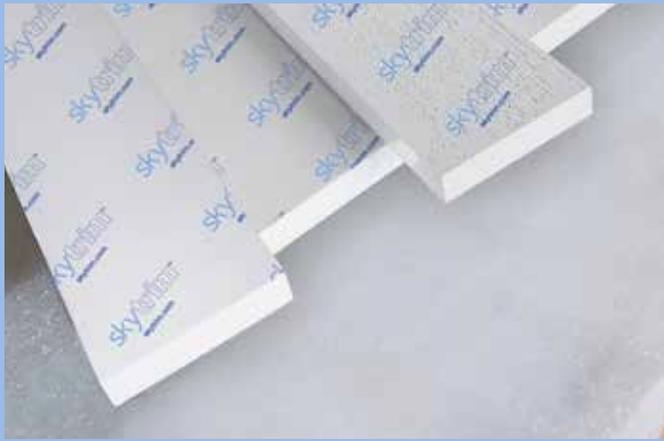

trimboard & sheets

Skytrim has a range of widths, lengths and thicknesses to match and elevate the architecture of any home style. It's made from free-foam PVC that works and cuts like wood, but without wood's maintenance issues.

Trimboards and sheets are available in smooth or reversible smooth/woodgrain texture for design and aesthetic flexibility. The sealed edges and factory-applied protective film keep them clean until the day they're installed.

Decorative Mouldings
Trimboards

Skytrim **protective film** keeps trim products clean and protected, from manufacturing to installation to ensure your products look crisp right after installation without spending time on cleaning.

Skytrim trimboards also feature **sealed edges**, making it easy to wipe away dirt and dust before, during or after installation.

You'll find Skytrim products in **white, sand,** and **clay**. Our range of neutral trimboard and sheet shades give you the flexibility to complement any siding color, from lighter shades to bolder ones. So you're guaranteed to create the right expression.

Beadboard and Trimboards in Sand.

Dimensional Boards

Smooth or Reversible Smooth/Woodgrain

| Nominal Size | Nominal Width | | | | | | |
|--------------|---------------|----|----|----|-----|-----|-----|
| | 4" | 5" | 6" | 8" | 10" | 12" | 16" |
| 5/8" x 12' | | | | ● | ● | ● | |
| 5/8" x 18' | ● | | ● | ● | ● | ● | ● |
| 1" x 12' | ● | | ● | ● | ● | ● | |
| 1" x 18' | ● | ● | ● | ● | ● | ● | ● |
| 5/4" x 12' | ● | | ● | ● | ● | ● | |
| 5/4" x 18' | ● | | ● | ● | ● | ● | |
| 5/4" x 20' | ● | ● | ● | ● | ● | ● | |

Dimensional boards are also available in sand and clay. Custom lengths and widths available. Availability of any Skytrim product is dependent on dealer inventory and may require minimum order quantity.

Sheets

Smooth or Reversible Smooth/Woodgrain

| Thickness | Width | Length | | | |
|-----------|-------|--------|-----|-----|-----|
| | | 8' | 10' | 12' | 18' |
| 3/8" | 4' | ● | ● | ● | ● |
| 1/2" | 4' | ● | ● | ● | ● |
| 5/8" | 4' | ● | ● | ● | ●* |
| 3/4" | 4' | ● | ● | ● | ●* |
| 1" | 4' | ● | ● | ● | ●* |

Custom lengths and widths available. Availability of any Skytrim product is dependent on dealer inventory and may require minimum order quantity. *Available in sand and clay, smooth/smooth or smooth/woodgrain only.

beaded profiles

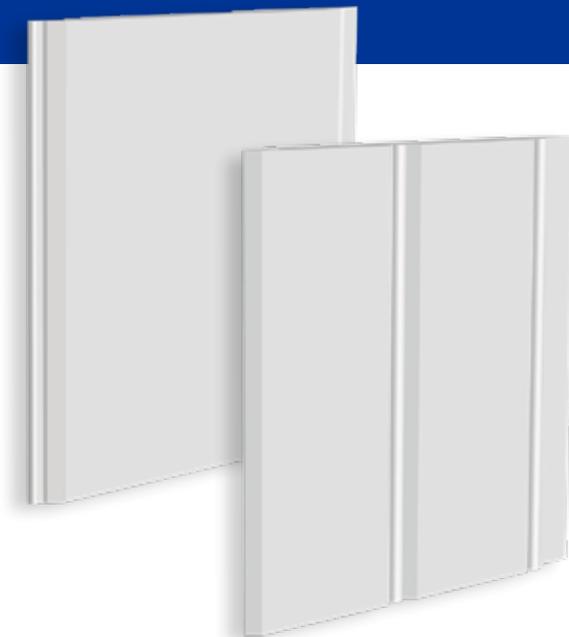

Skytrim beaded profiles are not just a great match for the Modern Farmhouse, they embellish the warmth of any home style, and shows off its charm inside and out—everywhere from dining room wainscoting to porch ceilings. Create a point of interest and focus in entryways or on feature walls.

Beadboard Features

- Reversible, beautiful Nantucket style on one side and classic V-groove on the opposite.
- Lower sheen celuka extrusion.
- Full PVC Skin – no milled surfaces.
- Hidden nailing hem.
- Waterproof.

Beaded Sheets Features

- Same great look as beadboard.
- Fast installation with a consistent surface.
- Bigger size for a bigger advantage.

Beadboard & Beaded Sheets

Thickness x Width x Length, Dimensions Nominal

Beadboard – 1/2" x 6" x 18' + Nailing Fin (extruded)

Beaded Sheets – 1/2" x 4' x 8'

post wrap

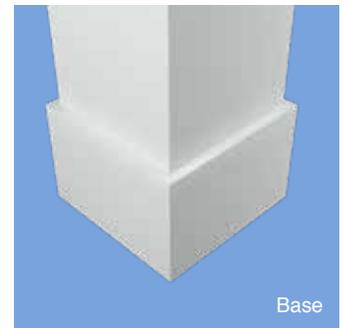

Low-maintenance PVC post wraps feature a unique design with three pre-assembled sides that surround the existing post for a seamless appearance. The fourth side is applied to enclose the entire post. Available in white with a smooth finish and the same protective film as trimboard and sheets. Decorative trim kits come in matching sizes, giving you added design flexibility.

The Quickest, Easiest Fasteners Available

The Skytrim™ Fastening System is the fastest, easiest way to hide fastener heads when installing PVC trimboards, sheets, and profiles. It combines the strength of a face-fastened connection with the beauty of a hidden fastener. The screw is specially designed to cut a clean hole through the surface of Skytrim trimboard, so there's no need to pre-drill. Just tap in a matching plug and you're done.

- Countersink setting tool included
- Available in Smooth & Woodgrain
- White, Sand, and Clay

Impressions and paint that last.

Skytrim products don't require paint, but can be painted if desired. To prep, just wipe with a cloth before you paint. Make sure to use a paint formulated for vinyl with a Light Reflectance Value of 55 or higher. Refer to the Skytrim installation guide for additional information.
