

# SurfaceSet® 2020 LOOKBOOK

[www.formica.com](http://www.formica.com)

The lines between humanity and technology are blurring, yet nature remains a grounding factor. It's this "blurred lines" theme that serves as the basis for SurfaceSet® 2020, a collection of new woodgrains, solids and patterned Formica® Laminate designs to help interior designers and architects create beautiful and functional commercial spaces.
