

# Why choose Renovative Bath Systems?

## Aesthetically Pleasing

Timeless tile pattern with dimensionally accurate seams that eliminates excessive caulk and virtually disappear as they become grout line.

## Availability

In stock - preassembled for inspection - packaged and ready to ship in 4 days for small (1-2) quantities in white, bone, or biscuit.

## 30 Year Warranty

## Shower Door Friendly

Square corners allow for shower doors to be installed.

## Adaptability

All wall panels are flat and blocked with 3/8" plywood, accessories such as grab bars and seats can be installed today or years down the road.

## Job Site Friendly Packaging

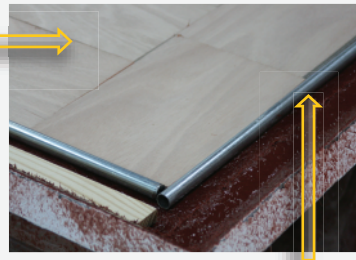

Each panel is individually packaged, labeled, banded, and crated vertically on pallet. Uncrate in 3 minutes.

Individually Packaged  
Panels

## Strength

Twice the weight and raw materials used in the construction of our showers than listed by any of our competitors. Plywood reinforced core walls and high density base.

Metal conduit around perimeter of each panel.

## Front Side Installation

Aluminum Pin & Slot System allow for a contractor friendly front side installation.

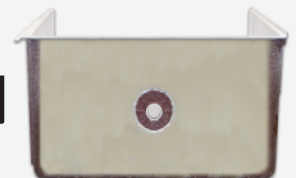

### Aluminum Pin & Slot System

Integral self-locating metal guide pins.

## 3 Hours Install

Requires additional adhesive cure time.
