

> *Why Choose Swanstone*

Heat resistant to 450° - the highest in the industry. Curling or flat irons and heating elements won't damage the surface.

Five times stronger than other solid surfaces, Swanstone won't break, even when hit with blunt force.

Swanstone repels common damaging chemical culprits, such as bleach, hair dyes or acetone. It won't mold or mildew making it easy to maintain.

Color and texture are consistent throughout the Swanstone product lines, with no surface coating to crack or chip.

> *Why Swanstone for Hospitality Projects*

- Available in a variety of sizes, styles and colors to fit any specification.
- Quickly turn one room or many - lower labor costs with minimal down time.
- With no gel coat surface coating, it won't crack, chip, mold or mildew - stands up to guest abuse.
- Covered by one of the industry's best warranties.
- Will not mold or mildew and there's no grout to clean, which improves your guest experience.

> *Solutions for Hospitality*

Swan products blend style, performance and affordability at a level unmatched in the industry. When hotel owners require materials that are as sustainable as they are stylish, our high-performing surfacing products are the ideal choice.

In the design and construction of hotels, durability, design and maintenance are frequently top of mind during the specification process.

By choosing Swanstone for hospitality applications, owners will receive cost-effective and easy to maintain products that will withstand years of use.

HOSPITALITY APPLICATIONS FOR SWANSTONE

Shower Walls, Shower Floors, Vanity Tops, Countertops, Wainscoting, Molding and Trim, Window Sills, Cladding, Reception Desks, Work Surfaces, Utility Sinks, Food Service Surfaces

HIGH PERFORMANCE MEETS HIGH DESIGN

Because Swanstone is a non-porous surface, it naturally resists bacteria and is highly resistant to scratching, staining, heat, mold, mildew and chemicals. Reduce your housekeeping costs by minimizing cleaning times and improve the overall guest experience. Swanstone is also available in a wide variety of styles, colors and finishes, allowing for cohesive design options for shower walls, floors and vanity tops.

EASY, FAST INSTALLATION

With Swanstone shower wall kits, the installation of shower walls and floors can occur more quickly than with standard tile and grout installations. Increase your occupancy rates with faster conversion times. Your installation crews can complete bathrooms within hours versus days.

MAINTAIN YOUR PROPERTY WITH EASE

The visual cleanliness of bathrooms greatly influence a guest's experience. Reduce housekeeping efforts by using a surface that is easy to clean, maintain and resists mold and mildew. Harsh chemicals, such as bleach, can be used on Swanstone and will not wear away the surface. Guest abuse to bathrooms and vanity tops is also reduced as Swanstone can be easily repaired and renewed.
