Athens Bypass Door

Innovative Hospitality Solutions

The Athens Bypass Shower Door boasts clean and stylish hardware with sizing options designed to fit the modern bathroom.

The Athens shower door will be available with our new technology, GlassShield, an innovative film applied to the glass that improves safety to the shower door.

Innovative & Stylish

- Square hardware adds a modern and sleek design that elevates the shower space
- Bypass door, with both doors sliding, provides ease of entrance to shower
- Integrated stylish towel bar

Durable & Safe

- High quality, ball bearing across allow for smooth & effortless sliding elevating the feel of the shower door
- Out-of-plumb adjustment offers convenient, onsite adjustments leading to an easier installation

Innovative Safety Feature

ABG Hospitality is proud to introduce our Shatter Resistant Technology, a new & innovative glass solution for hospitality shower doors. Our Shatter Resistant Technology is a factory applied film that, in the rare event of glass breakage and shatter, allows the glass to retain its shape with most pieces staying attached to the film. This creates a safer environment where the shattered tempered glass does not scatter throughout the shower and bathroom.
